Communicating Spirits: Aristotle; Hippocrates; Homer; Petrula; Pharah; Plutarch(us); Lord Poseidon

1.1 The meaning of Faith – I

{Pharah}
[22-142] [24-220]

The meaning of Faith is very deep. It has to be communicated through human logic in order for Man to understand its meaning.

Only Aristotle is in a position to give you the meaning so that you will not trip over small pebbles and pull others with you.

We follow the prescribed path for Teachers. When Man is unable to remember the teachings at first sight then he does not gain any benefit.

The text has to be simple, clear and short in order for it to be memorised and absorbed. Then the meanings will have an effect on the intellect of Man and with his Faith in Us he develops his own opinion that is purer than the one he held before.

The Spiritual World has spoken about Faith many times. Unfortunately, no one has been able to penetrate the meaning of the word "Faith".

Many men say "I believe with all the strength of my soul" and in the instant they pronounce these words they do not know what they believe because they have not penetrated the meaning of Faith.

To say that you believe is but an unfulfilled wish. Fulfil this wish and only if your wish is sacred, then you can say that you believe.

All have learned the words "I believe", "I love", "I carry out my sacred duties" etc. You fulfil these, my

Romans 12:4-8

"For as we have many members in one body, but all the members do not have the same function, so we, being many, are one body in Christ, and individually members of one another.

Having then gifts differing according to the grace that is given to us, let us use them: if prophesy, let us prophesy in proportion to our faith;

or ministry, let us use it in our ministering; he who teaches, in teaching; he who exhorts, in exhortation; he who gives, with liberality; he who leads, with diligence; he who shows mercy, with cheerfulness".

brethren, according to your imagination! Whilst you have the lighthouse in front of you to direct you, you turn the helm by 60 degrees towards the left! So what do you believe and why do you follow the lighthouse light? Whilst the lighthouse sends its beam to the right you turn towards the left. Therefore, you are guided by your desires.

This, therefore, is not Faith nor Love nor the ideal. It is a pressure that you receive from the **other side** and it is not easy for you to break these chains.

For this reason, Our Lighthouse, with its bitter truths, tries to enlighten you in your darkness so that you can traverse the path of Truth. This way you can learn what Faith, Love, Kindness, and Justice are.

With all the knowledge that you have acquired during your life I wonder that you have not yet perceived that the reason for you coming to Earth is to acquire soul strength and correct judgement - not incorrect judgement.

You say: "I believe in one God, etc" and then you forget which God you believe in and what His directives are for your steps in life. That is, you follow the opposite course to the one that you have promised you will follow.

Do not tell me that We are to blame for your spirit slipping into disarray. No my brethren; it is not Us who give you a helping hand but you who turn towards the unorthodox way you traverse the path of your life.

But when the time comes for you to account for your actions, whilst you consider yourself innocent, We will remind you without mercy of your errors.

other side means Satan's side.

*2 Thessalonians 2:7-12
"For the mystery of lawlessness is already at work; only He who now restrains will do so until He is taken out of the way. And then the lawless one will be revealed, whom the Lord will consume with the breath of His mouth and destroy with the brightness of His coming. The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved. And for this reason God will send them strong delusion, that they should believe the lie, that they all may be condemned who did not believe the truth but had pleasure in unrighteousness".*

One member of your **circle** will say “Is it possible for the Lord not to forgive the ones who have committed some small mistakes?”

If the question was put openly and you knew **who she was**, My answer would be: “The Divine punishment is not human. It is carried out for the benefit of the entity and not to harm it. Therefore, you My sister, also believe the way I stated before”.

Of course, as independent individuals you have free speech to justify your actions in the most wicked way. But Divinity has its own way of answering directly and cauterising the wrong doings that do not help you with the so-called good deeds. On the contrary, they obstruct you from finding the bitter truth that is an effective medicine to purify your spirit.

Do you think that it is easy to acquire the ideal that has Love, Truth and Justice as its base? Without toil and effort you cannot gain the “**daily bread**” in its metaphorical meaning.

It is more difficult to gain the supreme Good, that is, Heavenly Education for both your enlightenment and for that of your brethren. I speak about Faith because pure Faith encompasses Divine Love. But for you to reach pure Faith, you will be able to reach the starting point of the road that leads to Truth only through Love.

The Lord said that Faith moves mountains. Was He lying? Did He move mountains?

I will give you the explanation because truly if Man had the Faith that I spoke of, he could move

circle means the gathering of members of the Spiritualist Society of Athens (Greece).

who she was refers to a female member of the gathering.

*Matt 23:23
"Woe to you, scribes and Pharisees, hypocrites! For you pay tithes of mint and anise and cummin, and have neglected the weightier matters of the law: justice and mercy and faith. These you ought to have done, without leaving the others undone".*

daily bread (Greek epiousios) can also mean the "essential" bread which many Church Fathers understood as (i) the truth of God's Word (Logos) for daily sustenance or (ii) the sacramental bread of the Eucharist, Christ Himself.

*Similarly:
Matt 27:42-43
"He saved others; Himself He cannot save. If He is the King of Israel, let Him now come down from the cross, and we will believe Him.
He trusted in God; let Him deliver Him now if He will have Him; for He said, 'I am the Son of God'"*

mountains since it was said so by the Son of God. But why did He Himself not move any mountains?

It was because He did not want to show to His brethren that He was superior as God. And secondly, that this magical power is false, since it is only made of matter.

But who would have been able to enter into the deeper meanings of the Lord Who did not explain further, so that Man can judge the depth of His meanings?

If you want to acquire Divine Faith, the Spiritual World is on your side and will help you to ascend the ladder of righteousness, as some of you will.

1.2 The meaning of Faith - II

{Aristotle}

[19-185]

Many want to learn the meaning of Faith but most have no Faith. They are not totally lacking Faith, it is because they turn their Faith in a different direction, not in a Divine direction but in a technical one. I will not explain what they believe because you would be horrified.

The meaning of Faith is therefore the conviction that indeed a Supreme Being, the One, exists and He rules the whole Universe and all the infinite worlds in this Universe.

If you truly believe in God, then apply His Words because they have meaning which only through Faith will you understand and realise the reason for life.

Heb 11:1-3

Now faith is the substance of things hoped for, the evidence of things not seen.

For by it the elders obtained a good testimony.

By faith we understand that the worlds were framed by the word of God, so that the things which are seen were not made of things which are visible”.

Aristotle (384-322 BC) Greek philosopher and scientist. Together with Plato (his teacher) and Socrates (Plato's teacher) is one of the most influential thinkers and founding figures in Western civilisation. His surviving works cover amongst others: logic, morality, ethics, physics, metaphysics, politics, natural science.

If Faith had no meaning, be assured that none of you would be able to live, without Hope. Hope is God and God is the mental perception of Faith.

“I believe” means I accept what I am thinking. The aim is not only to think that something is decent and good, but also to apply action to that thought.

In one of my manuscripts I spoke of the meaning of Faith. Unfortunately, only very few of my manuscripts are in your hands. There are more than 1070. But who knows this? Most of my manuscripts are in the hands of foreigners who keep them in dark chambers so they can be kept secret from the world because they are convinced that Man will take advantage of these manuscripts for the disadvantage of humanity.

For example, atomic energy gives a new drive to Man for the benefit of humanity. Unfortunately those responsible used it for destruction. The same will happen with my manuscripts that are kept confidential, because men will use them for different purposes which are not beneficial to humanity. The bad managers of intellect will take advantage of the points that I state in my manuscripts.

Instead of thinking what is the meaning of Faith and trying to explain it using a thousand ways, it is best to clear your conscience from the burdens of your spirit. Your spirit holds you back and forces you into actions that you would never want to take if you were calm.

You will find the meaning of Faith by yourselves if you have serene light. This will lighten you further along the path of your life.

1.3 Faith not as a definition but as an action

{Lord of Poseidon}

[22-238]

Lord of Poseidon

Poseidon is the Greek word for Neptune. Here it refers to the planet Neptune because the speaking entity (Anastasios-Milanos Stratigopoulos) is the psycho-spiritual entity that rules over this planet.

Man says: “I believe”, “I have the conviction that I am able to achieve this or that”. But from where does he obtain the right to express himself this way when he does not know what the meaning of Faith is and what the meaning of conviction is? Therefore Faith and conviction are for him imaginary and wrong. Why? Because he ignores everything and he is of the opinion that he is the only one who knows everything.

Where is Man’s humility? Is it in his showing off with words or is it in his obscurity in this world?

I recommend modesty as a guide for your spirit so that Man does not unsettle all his thoughts and does not rely on a seductive whisper that he is going to succeed without knowing from where this whisper is coming.

I have said it many times and I stress: Have Faith and again, have Faith. But first of all you have to know what Faith is, not as a definition but as an action. This is because action delivers, not thought, especially when the brain does not operate under enlightenment.

1.4 Search for your Faith inside yourself

{Pharah}

[23-28]

Question posed by a member of the circle:

We know from the Spiritual World that each entity that is destined to reincarnate, chooses on its own

its position on Earth and promises to undergo certain trials. But when the entity incarnates, it is natural that it forgets everything. After some time it finds itself in a trial of pain and illness, without knowing why it is suffering and it requests the Divine Authority to relieve it from the pain and cure its illness forgetting what promise, before departure, it gave in Heaven, for the atonement of previous sins. Not having pure Faith and lacking in soul-strength, in the position that it finds itself, this entity turns towards Heaven with a forced Faith and asks for help to achieve its cure.

The entity's Faith needs to spring from inside and to do so before the trials. Also it needs not to ignore Divinity and its Faith until it finds itself in a desperate state, before asking Divinity for help.

What does the Spiritual World say about this?

Lord Pharah's response:

Well said but to be clearer let me say:

Do not neglect the cultivation of your Faith. Seek it inside yourself and apply it before you find misfortune, because you will then be able to follow the promise you gave in the selection of your trials.

If you do not have serious trials and you practise the basic directions of the Lord for your entity and extinguish your sins, then your supplication to Our Authority will be heard directly and We will give you grace.

It is impossible, from the endless cases that appear, to give you many explanations. You will understand this. Our aim is to enlighten everybody so that their

Gal 5:22-23

"But the fruit of the Spirit is love, joy, peace, longsuffering, kindness, goodness, faithfulness, gentleness, self-control. Against such there is no law".

steps are within righteousness and they apply their Love.

1.5 The Law of Faith

{Pharah}

[18-69]

As believers in the Law of Faith my brethren, you are provided with Heavenly goods. Faith is a voluntary Law. We do not apply pressure to force you to believe in the Spiritual World. You are free. But if your spirit is appropriately enlightened and enters the pure Light, then you will realise by yourself the value of Faith as a Divine Law. When you are within the Divine Light then through your supplications you can achieve whatever you request from Divinity.

But how many believe in the manner that I have indicated? Very few do. Many believe in the Divine Authority of the Spiritual World, but how do they believe? They believe in a very strange way. They believe and at the same time they forget why they believe. These people do not intrude on the ears of the Divine Authority. We are deaf to them because they follow the opposite path to that of the Lord.

The Lord blesses and helps only those that are worthy of their mission. Do not complain that Heaven does not help you with your needs. It does not assist you because you do not follow His directions. Why should the Lord be interested in your disobedience? This is done so that you are not exposed further to sin.

1.6 What is Divine Faith

{Aristotle}

[3-59]

Faith has the meaning of Love, **Kindness**, Serenity and Humility.

These four meanings are of the Spiritual World; plus One that is Faith that encompasses the other four, making up the number five. Every number has to correspond to Man's five human senses.

I will elaborate another time on Man's five senses. Of course Man cannot apply the attributes that Heavenly Leaders do. But when an effort is made then this balances the strengths of soul and spirit. This is sufficient to enable Man to walk the path that the Spiritual World is indicating.

I have just said "the senses" and you wonder, "what role do the senses play in the whole teaching?"

Senses only exist in Man. The good use of the senses is a sign by the **Leader** to the **spirit** that the entity is about to incarnate.

Senses create needs and to satisfy these needs, Man deviates from the path that he ought to follow.

Needs transmit their desires to the spirit and through its strength the spirit forces the **soul to approve**. This is the battle between the soul and the spirit.

Faith, as mentioned by Holy **Chrysostom**, is the only force that overturns everything. Nothing else can achieve this except Divine Faith, as has been stated.

Kindness: here it has the meaning of Goodness (Agathotes in Greek).

Leader = Jesus Christ

spirit: here it means the psycho-spiritual entity.

soul to approve: only happens when the soul strength is weak.

What then is Divine Faith?

It is the protective shield of the Divine Heavenly powers that comes for our salvation. That is, it is a special power from God that influences the power of the Teachers and Leaders in order for them to be able to provide immediate assistance from the Divine Authority to the person who needs it.

I give this explanation so that you can understand because if other words were used it would be impossible to perceive Faith no matter how worthy a definition is given.

1.7 Faith is contact with the Divine

{Plutarch}

[17-56]

It is important to know what Faith is and how to maintain it inside you in order to stay in direct contact with Divinity. Before you request help from Divinity for your needs think seriously about what you are going to ask so that you will not fall into the trap of greed.

When you know that you steadfastly believe in God do not ask for proof. You can obtain proof of purchase from a supermarket but not from Heaven. The Heavenly Leaders and Teachers know when to help and when to collaborate. Sometimes We provide you with proof and again those with little Faith will call it an "indication".

Faith can be cultivated when the ground is appropriate. I do not mean for you to become overzealously religious because then the opposite will happen. The Lord does not ask that you make

Saint John Chrysostom (c. 347–407, Greek: Ιωάννης ο Χρυσόστομος), Archbishop of Constantinople was **known for his eloquence in preaching and public speaking and his denunciation of abuse of authority** by both ecclesiastical and political leaders, his Divine Liturgy and his ascetic sensibilities. After his death he was given the Greek surname Chrysostomos, meaning "golden mouthed", rendered in English as Chrysostom.

The Orthodox and Eastern Catholic Churches as well as the Roman Catholic honor him as a Saint. (January 27) and count him among the Three Holy Hierarchs (feast day, January 30), together with Saints Basil the Great and Gregory Nazianzus.

the sign of the Cross from morning till late at night or say His name a thousand times, nor light candles so you can be expiated. He asks for simplicity and honesty. Everything else is unnecessary. If you have understood this, then very good. If you have not, then I am very sorry, not because I was not able to convince you but because, as entities with free spirit you did not embrace my words to improve your position. We have already gained Our position. You are the ones who will ascend the ladder of progress depending on your education, and by that I mean your soul education.

I wish, brethren, the Lord to be with you and that His Holy Light the sacred and all powerful, enlightens your spirit so that you can see for yourself the path of progress that you are traversing.

1.8 Whoever seeks proof of the Divine Truth is a materialist

{Homer}
[10-160]

The Christian religion my beloved brethren has its foundation in GOD the Father, the SON and the HOLY SPIRIT. The New Testament is based on them, that is, in the strength of the Triadic Divinity. The Holy Books are God inspired and Divine Providence has inspired appropriate men at different times to write them.

Therefore, at God's request men with Divine enlightenment transmitted Divine teachings to their brethren. Those who believe the Text of the Gospels, therefore, without scrutinising them should by Divine request not scrutinise the new Heavenly texts that have a common Source. When the so-

Homer (Greek: Ομηρος, Hómēros) is a legendary ancient Greek epic poet, traditionally said to be the author of the epic poems the Iliad and the Odyssey. The ancient Greeks generally believed that Homer was a historical individual. The date of Homer's existence was controversial in antiquity and is no less so today. Herodotus said that Homer lived 400 years before his own time, which would place him at around 850

called faithful distinguish between the previous and the present texts, they are not faithful, but are by profession destructive and unworthy to be called Christian.

Whoever seeks materialistic evidence as tangible proof is possessed by the spirit of Evil and is therefore a materialist. This way you are able to recognise the unfaithful, who pretend to be pious and good whereas in reality they are completely different in their character and in their decisions. These men are sly, malevolent and malicious. They have inside them the seed of the Evil Spirit that has germinated and they ignore everything that is good, dragging the foolhardy down to the abyss with them.

Applied practical science requires proof until this proof will be made unnecessary by science itself.

Where then is its practicability?

It is found in the brains of the empty-headed.

Ideological research sharpens the intellect not through matter but by a thorough study of the spirit which when found within a framework of Faith widens the light of knowledge and foresees whatever applied science cannot foresee.

For an understanding to exist between two or more brethren it is sufficient not to foster one self-interest more than the other. Together with the Lord as a guide everyone goes forward towards their Divine mission. Even inside the Holy Houses of the Lord there is no understanding amongst the priests of their destination. The Church falters, religion falls and the faithful play with everything and become unbelievers.

BC; Alfred Heubeck states that the formative influence of the works of Homer in shaping and influencing the whole development of Greek culture was recognised by many Greeks themselves, who considered him to be their instructor.

Foolish brother, you do not receive a receipt from God for your good deeds. If you have Faith in Him He will reward you. But if you do not have Faith in God do not ask for proof. Be assured that your every bad action has been written in the Book of Heaven.

Those who request proof of the Divine Word are lacking logic and correctness of thought. They are irrational.

1.9 Faith cannot be imposed

{Pharah}

[3-216]

Faith cannot be imposed when the phenomenon is not believed by everyone. Human logic examines the reasons and observation checks the research so that logical examination can provide conclusions. Then those who have Divine Light can identify the miracle with the logic of words and say: "the Logos (Word) created the phenomenon to ascertain the identification of Faith". Therefore, only within the circle of the genuinely faithful and of those who respect the Divine Authority are the **phenomena**, in reality, manifestations caused by the Divine Logos.

phenomena: observable
fact, marvel.

I say these things because within a circle of conjurers there are those who find ways to ridicule the naive to their own advantage. For this reason, do not pay attention to those who create miracles at the expense of the many. This is why research is necessary to verify the truth. The aim is not for someone to believe in something whose nature he neither knows nor whose reasons he cannot know at first sight.

You can believe the Divine Logos because it is within the framework of human logic and it is for the benefit of all. The Divine Logos is not a simple phenomenon but is the essence of many images that man totally ignores. Through the Logos images materialise and God's Will is manifest. Faith has an abstract meaning for Man. This abstract meaning is the logical construction of the image into reality. Therefore there is true and false Faith. The first is abstract and the second, due to human optimism, appears concrete in Man's eyes, but in reality the opposite occurs.

Choose your Faith.

1.10 The Logos

{Pharah}

[1-114]

Bombastic language imposes but it does not attract. Attraction assimilates and therefore the Logos succeeds like the sowing of seed. Be careful how you teach because there lies a secret power that can overturn everything.

The Logos has two opposite poles: creation and destruction, resurrection and death, Light and Darkness. All these interweave throughout life's struggle. For this reason in order to accumulate the power of Good you need to be able to differentiate between them.

Gold, as a pure and noble metal, is not extracted **unadulterated** but is mixed with other material compounds. Its strength in the area of self-interest is immense. The accumulated power of Good has

unadulterated: *pure,*
untainted

also immense power, much stronger than that of gold because it abolishes self-interest and returns it for the benefit of all. For this reason we insist on the dissemination and application of Good. This can save everyone and can automatically abolish every misfortune on Earth. Those who have ears will hear. It is sufficient for the spirit of the listener to be enlightened for the seed of the Logos to be converted to fruit.

1.11 The Logos is energy

{Pharah}

[19-189]

The Logos is energy and energy is action. So ensure that all your actions are always within the framework that the Spiritual World teaches.

We are not interested in your wise men, your scientists and people with excellent education. What is good is for a person to be educated in both his soul and his heart. Education of the spirit only, is a distortion. Such a type of person cannot raise his soul for the benefit of his entity.

Pay attention to what the Spiritual World foretells for the near future. These prophecies are going to materialise. As for as the distant future, do not worry because the **seed** of Heaven will succeed.

1.12 The pinnacle of all truths is Faith

{Pharah}

[3-230]

The pinnacle of all truths is Faith. That is, Faith in the Unknown God, the Creator of the whole Universe.

John 1:1-5

In the beginning there was Logos, and the Logos was with God, and the Logos was God.

He was in the beginning with God.

All things were made through Him, and without Him nothing was made that was made

In Him was life, and the life was the light of men.

And the light shines in the darkness, and darkness did not comprehend it.

Logos = Word.

seed: these current spiritual teachings

“I believe” does not mean I force myself to be inclined to believe in the existence of the Power that governs everything. Belief is a spontaneous energy that springs forth from the soul and portrays the Divine within an entity.

With such Faith, Love resides in our hearts and together with Faith it constitutes the kernel of the Lord’s Glory so that everything is smoothed towards one direction. That is, in the direction that the Spiritual World continuously transmits.

Under the influence of soul strength the spirit gives the true meaning of all that we do not know. That is, Divinity assists you, without you seeing it, but this happens only through the Logos.

Do not be faint-hearted towards the Spiritual World because it governs the souls and enlightens the spirit. It is difficult to convince the rebellious spirit when it does not have Faith because it only believes in what suits it.

The Faith that is pure and white has a place of honour in Heaven and sometimes becomes Heaven’s Divine Cry on Earth. Without such Faith everything is dead within the entity. The occasional flashes of life are moments of wasted time with no internal progress. The entity’s world of anxiety and misery is seeking an escape but cannot find it, since it does not know which route to follow.

You (Members of the **Spiritualist Society** of Athens (Greece)) know this route but up till now you have not shown it to those in need. You are delaying the work because you are awaiting new Heavenly Provisions. But these Provisions are for everybody.

*Pharah in this teaching refers to the members of the **Spiritualist Society** of Athens (Greece) who have not widely disseminated the Spiritual Teaching given to them.*

Give and you will receive; secure and you will be secured; love and you will be loved. Look after others and We (Teachers and Leaders) will look after you. The Lord is on your side. He will double your every good deed to your advantage. For your every bright thought He will provide you with double Light so that your Justice will give just rewards for your efforts.

Do not postpone until tomorrow whatever you can do today, because tomorrow is unknown and today is the moment that you are able to take advantage of. Take advantage of today.

Do not pre-occupy yourself with tomorrow because the Lord will take care of it.

1.13 The Idol as a means for Faith

{Pharah}

[24-166]

From ancient times Man was unable to believe in abstract notions because his perception could not grasp abstract meanings or even ideas that were Heavenly Values.

Through idols and images, though, men grasped the meaning of Faith without consciously being aware of it. When people do not become aware of their Faith in an abstract meaning, such as the Spiritual World, they become fanatics, bigots and often hypocrites.

When you find yourself in the desert and you are not surrounded by idols and images and, through your Faith, you turn towards the Above, that is, the abstract meaning, according to your perception, of the Power of the Universal World. It is impossible

not to feel inside you the direction and orientation of your path towards your fellow men.

True Faith within Man does not need idols or images. It suffices that you enter into yourself and perceive the “small god” that you have inside you. It is a ray of Our Father of All that never makes mistakes and will direct you wherever you want to go.

It is very difficult for men to acquire Divine Faith. But with good will, patience and expectation all men who want it can acquire it.

It is a major attribute for your psycho-spiritual entity to acquire the Light of Faith. Many say “I believe, but what can I do more to acquire Divine Faith?”

Only this is sufficient, as a confession of Man, that he does not have inside him the ability to believe where he should, instead of where he should not.

But with the aid of idols and images somehow the spirit was developed and was enlightened and found the correct path towards God and Man.

Be careful because matter, under any guise, becomes an obstacle when researching Faith.

Faith does not need research but direction from Above. Find the clue of Faith inside yourself and go forward without fear towards the high ideals of humanity once you become aware of what is ideal.

By your desire you place your ideals in the wrong place. When you discover that the disappointment has crushed you, examine your inner world and ask: “where can I find my ideals?”

If you have Faith, your inner world will reply: “There, where you denied the true place of the high ideal”.

1.14 Fire-walking as a display of Faith

{Homer}

[10-311]

The phenomenon of **pyrovasia** dates from ancient times. It honoured the deity of various nations of the eastern hemisphere. The Faith of these people towards some gods was equivalent to a supernatural force that governed destiny.

It is of no interest to you to find out in which god or saint the faithful base their Faith. It is sufficient that they reinforce their Faith with conviction in order to avoid being burnt by the heat that is unbearable to the uninitiated.

Science has repeatedly examined this phenomenon without offering a positive opinion. Some scientists have given impromptu and fantastic explanations that have devalued their standing. Not being able to explain the phenomena of such kind, the prudent man keeps quiet and does not voice foolish ideas.

Indians and many other nations know of incombustibility (fire-walking). The indigenous people of the American continent also knew of it many centuries before the continent was discovered. In those days, the faithful did not dance on the fire but they rolled in the fire without being burnt anywhere on their bodies.

How is it possible in this case for the faithful not to feel the intense heat of the fire? What happens in

*pyrovasia: fire-walking
barefoot on hot embers*

order to avoid the slightest scratch on their bodies?

Spectators of these sacred ceremonies know very well that it is impossible to approach the fire closely without being burnt. Despite this, only the faithful walk and dance on the fire, reinforced by their will and the images they hold in their hands. From these images they draw with their conviction the power to deflect the high temperatures.

This phenomenon is explained by their soul energy that radiates rays throughout their whole body to deflect the heat. That is, these rays become like asbestos between the fire and their body, the difference being that they repel the heat over a great distance.

This phenomenon of soul energy often shields man from bullets and other accidents. This ability is hereditary, when the son or daughter continue to have the same Faith as their parents.

This protective **radiation** is a soul shield, which, through soul energy, creates a fluid inside the body that radiates protectively.

radiation = energy, rays

1.15 Pyrovasia

{Pharah}

[18-40]

Pyrovasia, the walking on hot coals is an ancient phenomenon that can be explained only by the power of Faith. There are Indians who know and demonstrate the phenomenon as energy of their internal world. I will explain.

*ακαυσια: akausia=
incombustibility = fire proof.*

As you know Faith can work miracles, regardless of

*Firewalking is still practiced
in Europe, India, Japan,
Polynesia and other
countries.*

whether you transfer it to an object that has miraculous capabilities. This creates zeal towards Faith. It is therefore a soul energy that repels the heat through radiation. In some people this phenomenon repels bullets. That is, if someone is shot, the bullet changes direction because the radiation of the soul has the property to save he who has Faith.

Those who practise Pyrovasia pass this on to their children. That is, it becomes hereditary. It is not “the image” that protects them but their Faith. Buddhists as well as other nations also practice this in some cases.

Do not be fooled by those who in total ignorance think that through their research they can examine and learn everything about how the protection of the body from fire operates.

1.16 Without enlightenment Faith does not work

{Pharah}

[18-103]

My beloved ones, for those who are in need of clarification on many subjects, please enlighten them and give them the thread to Our Light. Those who do not find, on first sight, that this is an **appropriate means** should distance themselves. We enlighten those who are able to relay Our Light about our Heavenly Authority to all brethren, both believers and non-believers. Through this medium we will increase your knowledge in order that you understand what the Spiritual World is sending to the world of matter (Earth).

appropriate means:
*Not necessary the medium
Pizanis but the whole
process.*

It is good for the brethren to concentrate on themselves so that through their intellect they will reach the point that is necessary for them to know. They will be helped by Our powers until they believe in the Truth.

In your world, Truth is so distorted that it does not have the sparkle of righteousness. For this reason many who hear about Truth doubt if it is the correct knowledge of the Logos and wonder if they are being deceived.

I will refer to the **Invisible Doctors**. In Heaven all have been prepared. But where are you, when nobody outside your **narrow circle** knows of your existence? I do not refer to the people but to the texts. When you delay, how do you expect Us to come to your aid when you call?

Do not ask for something that you neglect. Everything depends on you and then you will be informed that We are ready. Faith, of course, is a priceless base on this point; but without enlightenment Faith does not work. As proof, there are many who believe in Divinity but do not carry out what Divinity shows them. In this case Divinity does not interfere where people need it.

1.17 How to reinforce your Faith

{Pharah}

[19-93]

You can reinforce your Faith on your own by studying the texts you will receive in the future and also from phenomena. Faith is acquired through your own powers. If We act so you can acquire Faith, then your Faith will be Ours and not yours.

The group of Invisible Doctors [20-74]:

In the group of invisible doctors there are, apart from doctors, many great scientists. They all are psycho-spiritual entities that have lived on Earth; no Angels are included in this group. The reason being that members of the group have experienced on Earth both good and bad influences and now that they have ascended to higher levels (Stations) they are better equipped to assist and intervene to cure the sick.

e.g. Louis Pasteur, Saint Panteleemon. The Leader of this group is Hippocrates.

narrow circle: the circle formed at the séance in Spiritualist Society of Athens (Greece).

It is not possible for a person who cannot swim just to swim; he has to train. Faith is like the sea without limits. By training you learn to swim in the deep waters of Faith. When your Faith reinforces your soul strength, then you will be able to move large rocks.

True Faith is difficult for Man to achieve. Persistence and patience are the two main levers for acquiring Faith. Great Faith can compel. It immobilises the savage animal that rushes to Man to tear him to pieces. It calms it down and the animal does not dare approach a man with true Faith. The radiant power of Faith becomes a cloak around Man and protects him from all evil.

Through Our texts We open the path for your Faith to be practised. You need to apply Our directions and, by assimilating Our texts, you will acquire Faith.

Faith is Hope, and Hope is directed towards the Lord from Whom you will receive incorruptible strength. Faith encompasses invisible powers that are called incorruptible.

1.18 The difference between Faith and desire

{Pharah}

[22-38]

The Heavenly Powers follow the Almighty's wishes which are completely fulfilled.

Do not be anxious. Patience is a Divine present for those that perceive its reason and its aim. You are able to gain everything that you wish through it as

long as you do not decrease your Faith in the Almighty.

Faith saves not through its auto-suggestion, as some say, but through its strength that is derived from Him who gives it lavishly to the believers.

Faith to acquire something good is called desire. Do not confuse Faith that has to be independent of personal gain with aspiration and volition. Many mistakenly think that they have Faith. There are very few who believe with a pure heart. Life's everyday needs force you to ask the Lord for your material wants but you should show some love and affection towards your neighbour in exchange.

Your prayers to the Lord are desires and not real Faith. Why all this? Because nobody is interested enough to dedicate some time to read the Scriptures. Therefore, do not complain. If you do not carry out your duties, how can you be heard? Make some small changes and immediately you will see the miracle.

We do not ask for sacrifices but a small effort for your own benefit. These simple words have the power if they become actions, for you to be heard by the Lord.

1.19 The true Faithful

{Hippocrates}

[20-165]

My dear brethren. I implore you to strengthen your Faith because I know how much you believe in the Spiritual World but this is not enough when your Faith does not come from the bottom of your soul.

You have the idea that you believe. Can you prove how this Faith exists? No! This means that your soul has not taken part in the wishes of your spirit. Why?

The aim of the faithful is to believe without proof. If We give you the proof through miracles then it is too late to categorise a man with the souls who have Faith in the Spiritual World. "I do not want visions" the true faithful says; "I do not need miracles, only for the Lord to hear me because He knows best of all what He is doing and for what reason".

In terms of the **vision** of the young person in the gathering: He was **Francesco of Assisi** at a young age when he committed many errors. Afterwards, he became what he became. Do not accuse those who have atoned because every man makes his own mistakes. Of the Lord's Leaders I can say that all made mistakes, even a small one while on Earth.

Man is unable to avoid all the temptations because he considers some of them not to be sins. The Lord forgives the small mistakes, especially if you have accepted them as such. On this particular point, women have God's favour. Ask Lord Pharah for the explanation of this.

1.20 Faith, the first medication

{Hippocrates}

[20-182]

Go with Faith and devotion towards the Spiritual World in order for it to give you strength to overcome the difficult moments of your life and the diseases that manifest themselves through your negligence.

*Just before the communication started a participant at the séance had a **vision** of Francesco of Assisi: 20-165*

Francesco of Assisi = we named Saint Francis of Assisi was a Catholic deacon and the founder of the Order of the Franciscans. Patron Saint of animals

by Jusepe de Ribera; Wikimedia Commons

As yet Heaven has not decided to strengthen its powers on your bodies. Why, you might ask? It is because you are deficient from many points of view. Think on your own and discover where you are weak. This examination should be carried out with total Faith in God, with soul peace and with the curbing of your egoism.

On the contrary, amongst you there are faithful that do not require this direction. They receive Heaven's enlightenment directly.

It is necessary to know what you have not learned up till now, in order for me to dictate in relation to your ailments directions from the Heavenly World and to direct you in the way I think without any interference from impediments. Do not ask what these impediments are because I have spoken many times about them. But who among you will remember what I said? This is the reason why the Spiritual World requires your assimilation of Our teachings even if they do not directly affect x or y because it is possible, one day, for these teachings to be useful to x or y.

Some of the faithful have the impression that when they do not see that the Spiritual World has improved their lives, that they are being deceived. In this case, they will never be able to improve their situation. I say the first medicine is Faith and second, the rays from Our doctor.

When you are not able to give an explanation for something, please do not go beyond your abilities since you are ignorant of everything.

Rom 14:22-23

"Do you have faith? Have it to yourself before God. Happy is he who does not condemn himself in what he approves.

But he who doubts is condemned if he eats, because he does not eat from faith; for whatever is not from faith is sin".

1.21 Unbreakable physical laws

{Pharah}

[3-103]

The physical laws remain inviolate by men because they are Laws of Divinity. No man is able to oppose them but whoever creates miracles deceives his fellow men with the aim of leaving behind the reputation of having performed miracles.

In the majority of cases these men are pious and their fame strengthens the Faith of the faithful. Real miracles occur very seldom when Heaven is about to give sensational colours to the Word. Through these it convinces men of the almightiness of the Lord.

Through Our Words, We try to strengthen the Faith of the faithful in order to gain the forthcoming offering through Faith because if We change tactics then We will be opposing the physical law. Only pure Faith is able to oppose physical Law because Faith contains the Love of Anarhon towards His creations. This Faith equates with the Law and therefore creates miracles.

If you have Faith, carry on and do not be afraid of anybody. Whoever is able to convince his brother about the manifestation of one of his hopes through teaching, then hope will become a reality and he who does the convincing ascends the ladder of miracle-worker. It is very difficult, but not impossible, to acquire pure Faith because then you are automatically connected with the powers of Divine Authority.

The first human power is Faith. Cultivate this in your

children in order for them to see the true light. Be surrounded by it in order to have strength in life. Penetrating the meaning of Faith liberates you from the difficulty of your world. Faith is a weapon of the good and pious who always do good. If the Spiritual World has tremendous power, this is due to Its Faith in Its Leader, Anarhon and in the Light of Truth.

“I believe in God” means that I dedicate everything to the One Creator who oversees and provides for the faithful. Those who are from birth inclined to believe in the Authority of the Universal World are equipped with Heavenly strength.

Faith does not mean fanaticism or insistence upon something that is necessary for Man. Faith has the purpose of seeking Him who gives us a helping hand. Ethical pain comes and goes and, with time, is healed. But when you have Faith, pain essentially does not exist because the believer believes that everything is moving towards the Creative Authority. From the starting point we come to the end and from the end we return to the starting point, more radiant and stronger. This is a cycle of human life. The feelings that trouble your souls are the means by which you help in strengthening soul strength. For this reason We must always be in balance.

If you have Faith, you have hope, and if you have hope you will find happiness where you don't expect it. Love and Faith are all-powerful weapons of Divinity for he who knows how to use them.

1.22 The meaning of Love

{Pharah}

[19-26]

Please note that at the commencement and at the end of spiritual communications, a prayer is said that all who wish are able to recite. It is not the privilege of only the medium but of all of you.

Why do I say this? It is so that you can come closer to Our Powers.

Despite all your knowledge, you have not yet perceived that prayer is the lynchpin between Man and Divinity. Prayer connects humans with the Heavenly Father Who forgives them when they are faithful and devoted to the direction of the Spiritual World. This is because the Spiritual World, knowing what the Father of all of us wishes, rushes to direct and guide everybody, friends and foes.

The enemies of the Spiritual World are those who do not believe in Divinity and many times they appear as the most ardent supporters of Divinity because they have personal interests arising from their position.

Do not forget that it is not only Faith that saves Man. Love, Justice and Truth precede it. In short, I say to you that if you have not understood what the meaning of Love is, everything else is unnecessary. When you are devoted to God it is unnecessary to be devoted to anybody else.

The Father is the Authority of everyone. He has the face of Love. Can you see Love? No. In the same way you do not see God. Do you feel Love? In the same way you feel God. God and Love is one and

the same. For this reason we stress repeatedly the word “LOVE”.

There are many who talk about Love but have never felt it the same way as Heaven has given the meaning of Love and not as the meaning Man wants to give it, that is inappropriate since Love is the face of God.

It is a big mistake for Man to preach Love through words without applying it through actions.

Unfortunately, Love has been misunderstood from its pure meaning and has become a pharisaic word. The Pharisees have been punished but they have not yet come to their senses. For this reason they will receive appropriate punishment. Time means nothing to Us. But the moment of their punishment will say a lot about them.

1.23 Faith and science

{Pharah}

[25-251]

The aim of science is to carry out research to ascertain the Truth. But this is not sufficient when you search so you can believe and you believe to forget the reason for your Faith. I do not refer to the gullible whose words have no weight.

Faith is an internal thrust of energy for the verification of an aim for the benefit of the entity. A distinction between Faith and science needs to be made.

Faith does not need science. On the contrary, science needs Faith. If you do not believe in

something it is not possible to research it and when you research superficially you find nothing. It would be wise for Man as a scientist to cultivate his Faith. This is because this way the science that follows will show him the way of research to verify the words that he proclaimed.

Faith and science are like two sisters. The first one has perception and the second one has aspiration. If the two collaborate for the same aim they produce what would be impossible for one to achieve without the other and give new light in the community.

Faith is inspired in Man from the world above. Science is inspired from **below** and pushes Man towards research. But when one does not help the other, despite the Divine inspiration of Faith, Man remains stationary. His Faith is good but it is not enlightening. Therefore he is “**stationary**”. On the other hand science develops at a slower pace but without beneficial results.

Therefore, try to link your Faith with research to give a stronger drive to science.

1.24 The visible and the invisible

{Pharah}

[22-204]

When you do not believe in the Divine Authority it is pointless seeking its help. Those who vacillate, sin twice because they do not have a steadfast opinion. If We give them an explanation and they accept it, then, after some time, they will return to their previous thoughts. This is because the ray of Divine Enlightenment is totally absent. These men have a weak spirit and poor imagination and We do not accept their baseless theories that lead them in the

below: dark side

stationary i.e. no progress is made by the entity.

poor performance of their duties.

The Lord of Earth is the Devil, but the Supreme Lord of the whole Universe is only One, Anarhon, Who, through the Devil examines the endurance of each entity. When despite life's difficulties the entity does not lose contact with the Divine Light, it is impossible for the entity not to exit as the winner of the contest.

Unfortunately the uneducated ask for material proof because they do not have Faith. Since they do not have Faith they should not expect help from Our Powers. When you deny your Creator (without being enlightened about the reason for your existence on Earth) do not mention His Name because you will fall into irreparable sin.

How can it be possible for someone who cannot read to read? Similarly, if someone has no idea about the Spiritual World, what can he know? Everything in this world has a reason. Since you are in the darkness, you are not able to know what this reason is. We will provide you with indisputable answers with phenomena for the unfaithful to enable them to perceive that the invisible is indestructible whereas the visible can be destroyed.

The invisible never dies. The visible decomposes sooner or later. When the entity appears for judgement it will be surprised but then it will be too late to avoid the **darkness**. This is why We insist against the wicked matter that holds you to a point so that you are unable to engage yourselves further with a free spirit.

darkness = punishment

Matter is the worst enemy of the spirit. Enlighten yourselves so you will not regret it later and irreparably.

1.25 Advice to the Faithful

{Pharah}

[22-230]

Sister Maria, do not forget that there exists a Spiritual World because everything depends on it. Do not forget that you have to commemorate the dead. They need your supplication because this is how their position rises. Do not forget that the Church is the House that facilitates your supplications.

Faith is not as you perceive it. It is a deeper breadth of your existence to the Lord and Creator Who rules everything.

Life on Earth is short, an insignificant, temporary stage of the whole and the true life in the beyond. Prove yourself worthy of Our instructions so you can find resonance with Divinity Who is not frugal in giving to the entities the necessities to confront the rough and bitter situations on your Earth.

Pray to the Lord thus:

*Lord, Who has mercy on all
render me your humble servant worthy
to gain your favour.*

Say this prayer every day before you sleep.

The Lord listens to the respectful and faithful who pray to Him with a feeling of piety and devotion.

My brother, you do wrong to fret every time Heaven does not fulfil your wish. Patience is a divine gift through which you will receive all that Divinity has promised. Do not worry about the obstacles that

Sister Maria: member and participant at the séance of the Spiritualist Society of Athens (Greece).

Matt 24:44-46

"Therefore you also be ready, for the Son of Man is coming at an hour you do not expect.

Who then is a faithful and wise servant, whom his master made ruler over his household, to give them food in due season?

Blessed is that servant whom his master, when he comes, will find so doing".

you encounter in your path. These, according to the wishes of Anarhon, will be overcome. And then what will you say? That you believe, but the aim is to be faithful from the start for the expected Heavenly offerings.

1.26 Faith, unfaithfulness, bigotry

{Petrula}

[17-177]

I beg you when you read the Texts of the Teachers to be very careful not to deviate in the slightest from any unwary blurred image of their words.

Once, when they brought a so-called great wise man of Earth a script of Indian philosophy, without this wise man having qualifications to deeply examine the words of the great **Rama**, he misunderstood the text and badly deceived his audience who did not know the complicated words of Rama. Do not make the same mistake. It is best to keep quiet or to ask: "What is this text trying to teach us since we do not understand its meaning?" The Spiritual World that is helping you will answer because it knows many ways of giving you the correct explanation.

Something else, when you burn incense in front of the Icon-stand and you have icons of many saints and symbols of the Cross, make the sign of the Cross three times – this is sufficient.

Again, if you have an icon of Christ teaching, an icon of the Holy Spirit in the image of a Dove, as well as other saints, do not burn incense for each individually but make the sign of Cross once in front of the Holy Spirit. The rest are unnecessary. You

Rama is one of the many popular figures and deities in Hinduism. He is referred to as The Perfect Man or Lord of Self control or Lord of Virtue. Rama is the husband of Sita, considered to be an avatar of Lakshmi and the embodiment of perfect womanhood. He was crowned King of Ayodhya and then emperor. He reigned for 11,000 years – an era of perfect happiness, prosperity and justice. Rama is revered for his unending compassion and devotion to religious values and duty.

will not show your Faith just by crossing yourself but only with reverence and your conscience, if you have one that rules you. I am saying this to help you and so that you are not thought of as bigots who are the same as unbelievers. If you have not understood what I have said, ask one of the Teachers to explain My words. Perfidy and fanaticism are harmful.

1.27 The Cornerstone of Faith

{Voice of Heaven}

[5-103]

The Cornerstone of Faith is called the ethical base of the constructive **Logos**. Such Logos only He gives, who is destined for only this. It is not easy for someone to be educated in the Logos. When masons constructing a building disregard their skills, then the building crumbles. Usually the cornerstone constitutes the main part of a building.

The cornerstone has the following meaning: “The philosophical stone” which means the concrete part of philosophical knowledge not requiring further work.

Therefore, the stone is something amorphous. When linked with the concepts, it takes on intellectual power. The Foundation Stone of Faith! These are abstract meanings but the stone gives the essence to the figure of the Word.

A building constructed by the Logos is more difficult to construct than a normal physical one. Usually material structures come and go, whereas, the edifice constructed by the Holy Logos remains unshakeable in eternal life.

Voice of Heaven: an Archon in the Palace of the Lord, appointed for receptions. The name is not given.

Logos (Greek: λόγος, logos) is an important term in philosophy, psychology, rhetoric and religion.

Heraclitus (ca 535-475 BCE) established the term in Western philosophy as meaning both the source and fundamental order of the cosmos. Aristotle applied the term to rational discourse. The Stoic philosophers identified the term with the Divine animating principle pervading the universe. The Gospel of John identifies Jesus as the incarnation of the Logos through which all things are made. Second century Christians identified Jesus as the Logos or Word of God, a distinct intermediary between God and the world

How does the Logos create? The Logos constructs the same way that Man's hands construct. That is, it gives inspiration, it gives new powers, it somehow guides how the Logos can become a structure. The structure of the Logos is an immortal construction that is continuously converted into a Lighthouse of Knowledge that enlightens and opens new horizons.

New horizons are the lights of the Cornerstone Logos. Whoever uses the knowledge of the Spiritual Lighthouse will never crash onto reefs. They will never find themselves in a storm. They will avoid misfortune and, being enlightened, will function according to their enlightenment. This is because their enlightenment has the resolute Faith towards Him who guides them. May Faith's Cornerstone become the guide of the faithful and of those devoted to the Lord.

By using a cornerstone, a building is founded. The stone remains in the ground as a solid foundation. Faith, as another stone, lays the foundations of the Lord's Logos. Its base is in Heaven.

It is possible to overturn the base of a material stone but the base of the Logos can never be overturned. It originates from above. Faith is not to simply believe but to be conscious of what you believe. When you are conscious of the power of Faith inside you, you can then repel Evil.

Faith does not mean fanaticism. It means pure knowledge towards Him who permeates everything. The cornerstone of Faith is the knowledge of His existence, He Who supports the entity to grasp the existence of God and then transmit it as the Light of Truth.

Many men sacrifice themselves for a purpose. But this sacrifice is not blessed by Anarhon because the purpose of the sacrifice relates only to some people and is not the concern and purpose of the whole of humanity. Men who sacrifice themselves in such a way do not gain anything in Heaven and they will pay for their imprudence.

God does not ask for Man's sacrifice because He sent him to Earth for spiritual evolution. When a man sacrifices himself he is disobeying the Will of Anarhon. There is only one exception: He, who was sacrificed for the establishment of one Holy Authority for the enlightenment of the whole world. He did this in full consciousness because it was the Will of God and He became the Cornerstone of Faith. The foundation of Christianity is on a pedestal that has its deep base inside Earth so as to remain immovable throughout the centuries.

Many have tried to overturn the base, that is, the Cornerstone. But it is invisible and as such it does not move, nor can it be removed. Its base is in Heaven. Who can go to Heaven to take out the Cornerstone? Nobody up till now has conquered death to be able to achieve this feat. Whoever has fought the Lord's teaching has gone backwards by centuries. This backward step is not beneficial for a nation that seeks to elevate itself.

The deeper the foundations of a structure, the stronger that structure is. However the depth of the Cornerstone, of the Logos, is invisible and as such it exceeds the power of Man's effort and toil.

Faith's Cornerstone is the Logos; and the Logos is God; and God is the Logos. That is, the Logos for

Corner stone = *foundation stone*

the foundation of an Authority is the Will of God, the Creator of everything.

Do you know how many such cornerstones exist? One and only one. Because the Logos is One; that of the Creation that cannot be analysed. Therefore the foundation of this authority is Divine and does not tolerate false structures on its base. It is going to destroy these in order to continue the true wall of Pure Light that will resonate in the hearts of the faithful, attracting those lacking in Faith towards enlightenment.

There are many religions but there is only one Divine Authority for all: The Logos of the Lord. From the Kingdom of the Spiritual World Heavenly resources descend to enable the elevation of a new building on old foundations.

You will see in images on the earthly stage the projection of the words of the Spiritual World. This earthly stage is none other than the universal community. All of this is based on Faith's Cornerstone.

John 1:1-5

In the beginning was the Word, and the Word was with God, and the Word was God.

He was in the beginning with God.

All things were made through Him, and without Him nothing was made that was made.

In Him was life and the life was the light of men.

And the light shines in the darkness and the darkness did not comprehend it.
