Foreword by Translator and editor

This book series **The Purpose Of Earthly Life** is mainly translations of Greek texts produced by The Spiritualist Society of Athens (Greece) "The Divine Light". The texts are transcripts of important teachings delivered by spirits between 1960 and 1979 through a medium - Mr Georgios Pizanis - to gatherings of this Spiritualist Society. The medium received the spiritual communications under the guidance and protection of Heaven. A number of Leaders and Teachers of the Spiritual World delivered a large number of teachings, some of which are included here. The content of the books published in Greek is mostly given in the chronological order that the teachings were received.

The books are not easy to read as they introduce a number of subjects and concepts that may be unfamiliar to you. As with the previous books, my suggestion is that you read this book at least once cover to cover to get a broad understanding and then read it again carefully. There are a number of topics that will create debate. Please cross-reference them with the scriptures and books one and two of this series. Seek and I am sure you will find.

The texts contain multiple messages at many levels. It is a common experience that, with the first reading, a person will understand and perceive a certain number of concepts and meanings. With subsequent readings, some other concepts may become apparent and one's understanding of the teachings contained in the texts will broaden. There is Divine energy that impregnates the texts. It is the Divine Logos that acts upon the Divine part in each one of us and enlightens our spirit.

The first book of this series entitled '**What We Should Know Before We Depart Earth**' covers topics which include: The structure of Heaven, creation, interaction between heavenly entities, the roles of the soul, spirit and the material body, death, euthanasia, suicide and the importance of balance in life.

The second book entitled '**So You Want To Go To Heaven**' covers topics which include: Symbolism and the Cross, Logic and Truth, the difference between Faith and desire, Justice, the imperfect commandments and the two sides of Truth.

In this third book I have selected four topics and chosen the appropriate sections from the original Greek texts to form chapters. Under each chapter subsection heading, I have provided the book number of the original Greek text, the page number and the name of the communicating spirits e.g. [3-134] {Pharah} means book 3 in the bibliography, starting from page 134 and Pharah is the Spirit communicating via the medium.

As before, each page in this book is divided into two sections. The wider section contains the translation and the other, contains remarks or references that you may find useful. The majority of the biographical comments and photographs in the margins are taken from Wikipedia and Wikimedia. This margin also provides an area for you to pencil in your own comments and queries.

The bibliography lists all the texts used in this book and some others that you may find useful. Most of the books can be purchased directly from The Spiritualist Society of Athens (Greece) web site (<http://www.divinelight.org.gr/>). If you are looking for a book on spiritualism and more information on the subject of the first two books in this series, I suggest: [15] “Spiritualism & Human Evolution” by Dimitrios Makrygiannis and translated into English by Ioannis Kontodinas PhD.

The language of the original Greek texts is difficult. Nowadays it is neither taught in schools nor is it commonly used. Nevertheless, I trust that my translation is correct and that the deep and very important messages are not lost. This is my own translation of the texts and its accuracy has been cross checked by members of the Spiritualist Society of Athens. My introduction to the original Greek texts, and other spiritual communications was arranged by Ms Popi Tsoutsoura and Ms Kallipso Bistis both of whom encouraged me to translate the books. May the Lord give them the peace they have earned.

Preface

Have you ever asked:

Spiritualism – What is it really?

Mediums – Are they all instruments of evil?

Could Jesus and Lucifer be brothers?

The New Direction – Where is it? What is it?

This third book of spiritual teachings translated from original transcripts of special communications delivered and written in Greek, will provide some of the answers to these questions that have been put to me by readers of the previous books in this series “The Purpose of Earthly Life”. I have selected topics from the original texts that I believe will help us.

Spiritualism - the contact of spirits with earthly entities - is the most ancient religion of nations and at the same time, it is the newest. It has opened the gates of Heaven and it teaches everything that the Lord taught with the difference being that today it adds not spiritualism per se, but the Lord through spiritualism. It teaches mortals new directions and unknown Mysteries that have not been taught since the world began.

If you read the texts to the clergy, without telling them where they came from, they will not be offended as much as if they know that they are from the Spiritual World. So why do they have such negativity? It is because the Holy Synod of Nicaea – AD 325 – made the decision to ban spiritualism. At that time it was appropriate to do so because misguided men were abusing it and many fickle spirits took part in the communications and subverted the situations. But today the same thing does not happen. Man is not at the same spiritual level as at that time. Today spiritualism is expanding but there is a need for cleansing of it because many evil elements have entered that are seeking to mix fraud with spiritualism. The world has progressed; it is now time to come into contact with the Light of Truth.

There are mediums of different qualities in this world. A few of them who are in the service of evil spirits are extremely powerful and bring total confusion to the communications received from good spirits. However the Spiritual World does not allow evil to dominate these mediums totally. That is why they are sometimes good and sometimes evil.

Remember, mediums have this gift from Heaven. They are the equipment of Divine Inspiration but be careful that they do not lead you astray. The potential for their communications to be beneficial or detrimental has been known to Man throughout time.

After the Creation, many souls through meditation decided to remain near God to serve Him. Other souls did not meditate, considering it to be useless and thus the separation of the souls was created. Then God decided to refine and train all the souls and He gave authority to Lucifer one of His Archangels. Lucifer was the best of them all and was unwilling to take on this role when told that he was to be the Lord of Darkness, would be hated by everyone and would be on the opposite side to his Brother who would become the Leader of the Kingdom of Souls. He accepted only when God said to him “You will assume the application of all evil actions, so there can be opposites because the iron is fashioned between the hammer and the anvil. I will be the Overseer of everything. Man needs to be cultivated to be able to reach the place I have preordained for him”, and so the battle started on a spiritual level between the factions of the two leader brothers.

The spirit of Confucius reminds us that:

“He who balances everything in his life is more able than anyone else to understand easily the teachings of the Spiritual World and to succeed where others through matter and its strength, have failed. Only the Heavenly Enlightenment has the power to transmit pure knowledge to you and to assist you in the most critical turning points in the history of your civilization. We will liberate you from the anguish of life after making you aware of your destiny and we will solve the unsolved problem that is the purpose of your creation. “

Finally, a new direction has been given to the world and it will not be repeated. The Source of the Spiritual World that provided these spiritual texts is inexhaustible, however like water in the desert all that is necessary for us to quench our thirst for Heavenly and Earthly has been provided in them.

Prologue

Man

{Jesus Christ}

[4-14]

Man the weakest of all living, incarnates to fulfil a destination or to complete his deficiencies that only on Earth is he able to fulfil through fatigue, labour, pain and free thought. Man, this unknown entity to Man, appears as a lamb and when he reaches manhood, he takes position in society as a wolf or other animal with the same attributes. He is a rough but precious object; he is the diamond of Creation to be fashioned in the great workshop of Station Alpha. It is necessary that he be trained to learn to grasp the meaning of values through Faith in God, reverence to the Leaders of the Spiritual World and his diligent Love towards his brethren. Therefore though Man appears fragile, through time and polish he becomes indefatigable.

There are many paths that Evil can take to deceive him. But when he acquires consciousness of Faith, nothing can deceive him. Faith is the cover of his protection. If with this cover he continues to increase his Faith then the energy of the cover becomes the means for him to succeed in what he is searching for. Unfortunately Man has a bad education, ignores God, takes advantage of his brother and considers himself as a lord able to arrange everything; he becomes an egoist. Egoism, my dear brethren, is the tree of Malice with all its branches that need to be pruned for Man to find his Spiritual freedom, judgement and discernment.

Many men are disguised as priests and lords and oppress the human race. I forewarn them all that they will be severely punished in Heaven.

Man, if you want to be called Man enlighten yourself first with the bright Light of Truth, of Justice and of Love and follow the path that your Lord and Saviour has opened. To the dismay of the Spiritual World, those men who do not recognise the immaterial and eternal Omnipotence of the Spiritual World will fall.

“The Authority is one, and its echo is My Centre on Earth”.

I wish Peace to all.

Acknowledgments

My wife Linda's continuous active support in questioning and proof reading has contributed to making this book more readable and her voicing of the book series brings the contents to many who may otherwise have difficulty with access.

Violetta Cetrullo's assistance has again been invaluable. Her computing skills have made my work so much easier and her constant prompting has brought the books to completion sooner than I had planned.

My proof-readers Ioannis Kontodinas PhD and Vassilis Sevastopoulos both members of the Spiritualist Society of Athens, Greece, Gillian Rhodes PhD from Scotland, and Lesley Cala MD from Australia have ensured translating and grammatical correctness within the necessary constraints and precision of translation, neither of which would have been an easy task.

Without Peter Lockett's technical expertise, patience and energy, the production of the audio version of this book series would not have been possible.

The continuous support and encouragement from The Spiritualist Society of Athens "The Divine Light" (Greece) as well as permission to use their texts and other material is greatly appreciated and acknowledged. Efharisto (*thank you, in Greek*).
