Preamble by Editor

Members of the Spiritualist Society of Athens “The Divine Light” Greece received a number of inspirational teachings from the Heavenly Kingdom. All spiritual communications were received by the Society’s medium: the late George Pizanis. These communications were published in a series of books in Greek (some are available in English), which can be obtained from www.divinelight.org.gr. These spiritual communications were terminated in 1979 with the death of the Society’s medium the day after the last communication was given and the Teaching of Heaven had been completed. For more information the reader is referred to the Society’s booklet “What is Divine Light” which can also be obtained from this website.

This series of monographs is a continuation of the four books in the series “The Purpose of Earthly Life” which can be downloaded free from the website www.divinepharos.org.

For further information the readers are directed to the books in this website which can be downloaded for free. Each page is divided into two sections: the larger one contains the translation and the other additional material from elsewhere to assist with your reading. Some margin comments were obtained from encyclopaedias and Wikipedia. Please do your own research, the internet, on-line libraries and physical libraries are a good starting point. In this monograph, I have provided the reference as well as the date that the Teaching was delivered.

The Bibliography and references are given in a separate document called “References-Bibliography.pdf” available from the website www.divinepharos.org. You may also find the Lexicon, Glossary-Monograph.pdf useful from the same site.

As you can see from reading this monograph, it is a difficult subject to discuss for many reasons. But together with the monograph (14) on Zionism they give a different perspective to what is happening today around us. It is remarkable that even though the texts were delivered some forty years ago, they are still valid today.

I wish you wisdom.

13.1 Clarification on séances with political content

6 October 1976

[25:54-56]

Thucydides: For some time now the Spiritual World has been enlightening you about the political situation in general. You who consider yourselves to be pure spiritualists ask yourselves: "How is it possible for the Spiritual World to be involved in politics, when Its work is different - to solve our problems through séances? That is, is it correct that It is involved with topics that are totally unrelated to Its teachings?"

My brethren, as you well know after so many years of Teaching the Spiritual World is interested in the good and the virtuous of human entities. But since the Spirit of Evil aims through the political situation to overturn everything you are being taught, Heaven is obliged to intervene and show you what is the fountain of Evil on Earth so It can protect you. This is not done because the Spiritual World involves Itself in politics, as some of you erroneously think, but to reinforce your beliefs so that you can acquire strength and take suitable measures against evil, injustice and hate.

How is it possible for you to understand the meaning of Our diverse Teachings and to judge everything using correct judgment, when as students you study Our texts in your house with flames surrounding it? Is it possible for you to concentrate on your study when you are in danger of losing your life? When this is the case your mind is turned to how you will be saved and how you will survive. That is, you first face the danger from the fire! For you to prevent this danger, it is Our sacred duty to alert you to the dreadfulness of the political situation, irrespective how safe you think you are.

If you took the wrong path from the start, how is it possible for you to return to the starting point? The violation of your words incriminates you by the wrong direction you took and now you are surrounded by fire that its flames include millions of evils.

What these disastrous evils are is easy to perceive using logic and correct judgment. It is the dislocation from your inner inaptitude; the unbearable taxes, exorbitant sums of money to supposedly public utilities (electricity, energy, water, telephone, hospital, medicine and other essential goods); the acquittal of criminals, and the conviction of the innocent because they dared to speak the truth; the total lack of care for the citizens' lives is covered by the continuous lies of your authorities; the support for capitalists who suck the vigour of the people and the infinite number of unreported crimes unprecedented in your century.

On the contrary, your government has sums of money that it spends lavishly on international conferences that take place in the land of the cradle of freedom and civilisation honouring the Greek Spirit. And all this through symposia, dinners, hospitality, acting as guides, making toasts etc at the expense of the Greek people when at the same time the specialist undertakers who proclaim the prosperity of the nation,

Thucydides Greek *Θουκυδίδης*, *Thoukydídēs*; circa 460BC-395BC was a famous Greek historian. *Thucydides has been dubbed the father of "scientific history", because of his strict standards of evidence-gathering and analysis in terms of cause and effect without reference to intervention by the gods, as outlined in his introduction to his work. More generally, Thucydides showed an interest in developing an understanding of human nature to explain behaviour in such crises as plague and massacres. He served as a general during the wars between Athens and Sparta. In order to analyze the positions of the warring sides, Thucydides incorporates several speeches by generals and politicians. While he himself admits that they might not have the same degree of accuracy as the rest of the work, they provide the reader valuable insight into the positions of various men and states. His text is still studied at advanced military colleges worldwide, and the Melian dialogue remains a seminal work of international relations theory some 2,500 years after his death.*

its advancement and increase in living standards are totally silent about the truth, until they die and are forgotten. These arrogant advertisers of goods take care of their own excessive well being so they lose their sight and are not interested in the condition of the majority of people only the few.

Your government has left everyone free to reap the flesh of their fellow men, as do the scientists, the officials and other disguised Masons. Nice order and progress! And this corrupt society is tolerated by the State covering its own inability to intervene.

My aim is not to divide you into opposing factions, no, but through discussions to strike at the wrong path that is followed by the governing Authority that has treacherous-snakes as advisors, that instead of protecting the people they expose them to harm.

All these exploiters will be held accountable for their actions. Divine Justice measures everything and there will be no favours from the harsh Laws of Our Authority. Alas, if everything were forgiven; there would be no progress in the aim of the Divine Work for the future.

13.2 The ancestors of the ancient Greeks

10 April 1963

[6:17]

Pharah: The ancestors of the ancient Greeks were mystics in **Atlantis**. In that period the mediterranean was not inhabited. After much wandering the mystics, or rather some of the mystics established themselves on Greek soil and were divided into three groups. They inhabited the areas under different names but nevertheless were the same people.

The Egyptians owe their civilisation to them. They did not have their own civilisation.

When the Greek civilisation was developed, the Greeks hated mechanical progress. Why was this? It was because they knew instinctively that this type of progress would destroy them as it had destroyed the Atlanteans before them.

The great value of the ancient Greek spirit lies in its recognition of the one and only Authority of the Universal World. They arrived at this through their own imagination; this was why Anarhon awarded them as being the only ones worthy of administering the Pure Spirit with which to enlighten the perishable world. They will again enlighten the human race through the **Light of Truth**.

But do not rush and assign everything good to the Greeks. You as men of the spirit ought to behave the same way towards all the human races because you are brothers.

13.3 The ancient Greek spirit

5 October 1961

[6:9-10]

Pharah: The ancient Greek spirit was the Lighthouse that shone on the Boulevard and heralded the arrival of the Lord. It was a sacred spirit whose meaning sprang from the Highest Authority. That is why it remains immortal and directs all who wish to delve into the depths of human existence. Superficially it gives a different explanation according to the progress of the epoch. On the contrary, however it has an unattainable depth because the human perception cannot understand the true meaning of Knowledge.

The spirit later on assisted in the transmission of the Christian Teaching. This spirit neutralized death, in order to demonstrate the true and eternal life at times when it was difficult to understand the One and Only Authority of Creation. This spirit conveyed knowledge for inquiry to the minds of many and revealed the Unknown Authority that governs everything. It was not by accident that this spiritual piety of ancient Greeks honoured the Unknown Authority of All by naming it the "Unknown God" that is, by God's true name.

The ancient Greek spirit was worthy to its Creator. They glorified Him without knowing Him, glorifying Him only through their spiritual sharpness and piety. That is why they were honoured by the Creator and are now the Higher Leaders of the Spiritual World. They gave spiritual Light and today they are giving True Light.

We do not undervalue any nation - all are creations of the same Father. But no one has elevated the spirit through virtue as much as the ancient Greeks who knew that the spirit and virtue constitute every aspect of their ethical hypostasis.

They hated mechanical progress and considered it a misfortune because they knew of it by repute as having been the reason for the destruction of a civilised continent (Atlantis). If they had occupied themselves with science then their bright star would have disappeared. The achievement of mechanical progress is not honoured with laurel and ivy but with silver to enhance egoism and scorn towards their brothers.

13.4 Report on the civilisation of ancient people

7 Aug 1963

[3:76]

Pharah: ... There were many other human civilizations not only the Chinese but also of other people more ancient, that history does not mention. The Greek civilization is unique in the whole of your planet.

If today the world is at a higher spiritual level it is owed to the Greek spirit. This and only this has raised Man to a high civilization and level of knowledge so as to facilitate the discovery of the One and Only Creator and his Executor, that is, His Son. And because Pure Knowledge sprang from this land, to this same land Heaven's Divine

by Raphael – St Paul preaching in Athens in Victoria and Albert Museum, London.

Circa 50-51 AD Paul taught in the synagogue of Vereia (Βερεία) a town in Northern Greece of the region of Macedonia. There were many Jews at that time in Vereia who Paul considered as nobler than the ones in Thessaloniki. The Jewish population of Vereia increased substantially towards the end of the 15th century due to Jewish migration from Spain and Portugal.

According to the book of Acts Paul then went to Athens. While waiting for his companions to arrive he visited the synagogue, the markets and places where various philosophers gathered to discuss current issues. Paul at every opportunity proclaimed the Word of God. Some of the Epicurean and Stoic philosophers invited Paul to speak in the Areios Pagos (Ἀρειος Πάγος). Areios Pagos (Areopagus) is the 'Rock of Ares' which in classical times functioned as the High Court of Appeal for criminal and civil cases. Ares (Ἄρης) was the Greek god of war, renamed Mars by the Romans. Before the 5th century BC the Areopagus was the council of elders that in 594 BC handed over its function to Solon for reform. He instituted democratic reforms and returned control to Areopagus.

Paul accepted the invitation and delivered his speech (Acts 17:22-34):

"Then Paul stood in the midst

Teaching is transmitted so it can enlighten the spirit of knowledge and of new civilizations appropriately.

The Greek civilisation is the kernel for today's rise of community life. We assist by showing spiritual human citizens that are asleep, that Enlightenment comes from Heaven to complete the gaps in the Greek Spiritual Enlightenment.

As the fire in the bowels of the Earth reinvigorates humanity, similarly, like another fire the Greek spirit will give the expected results to humanity that has deviated from the correct path that the Lord has carved millennia before.

The Greek spirit and Christianity are two coexisting powers that struggle to assimilate their meanings. For this purpose the Spiritual World acts, enlightens and assists.

13.5 Morons govern your world

17 April 1963

[3:64]

Aristotle: By saying "great moron" it means a man with knowledge but dark knowledge. These men guide nations and because of this, they ought to be enlightened, otherwise they induce the naive into the circle of sin. This is because one sin leads to another etc.

Unfortunately, today morons govern your world and if there are one or two exceptions they are considered morons by the morons because they do not follow the trend of the period.

Bear in mind that the Lord's demand is to totally eliminate morons - the combat has started. Follow the daily events of your world to confirm what Heaven is saying.

Young people will ascend to authority. By young I mean men with new principles and some serene Light. We will enlighten all of them with our texts.

From nearby you will see the battle and the victory of the Supernatural Authority, which will take an active part to support the Light against the darkness.

13.6 Gather close together to Our Authority

3 February 1972

[19:138:139]

The Light of Truth: Dear brethren of this circle I ask you to gather close together to Our Authority. Do not get involved in matters that do not concern you. The political situation whether it be good or bad, you will not judge but The Lord who dominates all.

Those of you who are satisfied with the passage of their life should remember that there is one Eye that observes everything. Those

of the Areopagus and said, "Men of Athens, I perceive that in all things you are very religious;

For as I was passing through the objects of your worship, I even found an altar with the inscription:

TO THE UNKNOWN GOD.

Therefore, the One you worship without knowing, Him I proclaim to you:

God, who made the world and everything in it, since He is Lord of heaven and earth, does not dwell in temples made with hands.

Nor is He worshipped with men's hands, as though He needed anything, since He gives to all life, breath and all things.

And He has made from one blood every nation of men to dwell on the face of the earth, and has determined their preappointed times and the boundaries of their dwellings,

So that they should seek the Lord, in the hope that they might grope for Him and find Him, though He is not far from each one of us.

For in Him we live and move and have our being, as also some of your own poets have said, 'For we are also His offspring'

Therefore, since we are the offspring of God, we ought not to think that the Divine Nature is like gold or silver or stone, something shaped by art and man's devising.

Truly, these times of ignorance God overlooked, but now commands all men everywhere to repent.

Because He has appointed a day on which He will judge the world in righteousness by the Man whom He has ordained. He has given assurance of this to all by raising Him from the Dead."

who are not satisfied should endure their trial, because they do not know why they are in this state.

In general, the majority of the whole world is displeased with the leaders of their nation. And no one has ever thought who is undermining their interests.

We will defend Christianity and even those of other religions who have started to be predisposed to the principles of Christian civilisation. We will save many because the general situation is wretched in all areas. This is called "War of the Spirit against matter". I do not specify the time, but many nations that are strong, wealthy and independent will be destroyed because they did not follow the path of peace even though they trumpet this as being their desire.

It would be a great mistake if this small country called Greece took part in the disputes of large countries.

All our attention is turned towards the continent of Europe. This gave the first lights of civilisation to all the other nations on Earth. This will also give the New Light, the True Light, which will spring from the small land of Socrates.

You are all brothers. Do not accuse each other because of each other's perceptions. He who has correct judgment, let him give the example of good will and understanding of Man on Earth. Let him open their eyes so they can see on which point of the abysmal precipice the tireless Daemon of Evil stands and works systematically. The day of his enslavement is not far. But the duration of human habits based on his teaching (the Daemon's) will be long before it reaches the point of the New City, which in a few lines Plutarch has described: "**The Golden City**".

The quarrels and murders between Christian sects concern religion and politics. Others control the strings to create great commotion in order for the Daemon of wicked thought and action to be able to take advantage.

You my brethren have faith in Us, piety towards God and love towards Man. Do not distance yourselves from Us so that We can assist you and direct you towards the rising sun of spiritual freedom and humanity.

At any time it is possible for events that are capable of destroying cities and nations to explode. With Our strong Light We hold the rulers in their places, because they do not have a pure spirit to enable them to perceive the people's situation.

I will not develop this subject further because it is a simple warning to you, not to take part in demonstrations, even friendly ones, on behalf of a friend or ally.

Paul's speech at the Areopagus is highlighted by Luke and gives evidence of how Christian faith was proclaimed to Gentiles. With the Jews, Paul referred to the Law and the Prophets, explaining messianic prophecies. With the Gentile Athenians he spoke more philosophically of (1) God as the Creator of all; (2) God as the giver of life; (3) God's concern that all people seek Him; (4) repentance toward God; (5) God as the Judge of all and (6) the Resurrection of Christ from the dead.

13.7 The Greek spirit first glorified the Lord

4 November 1971

[19:108-109]

Strabo: Maybe some of you do not know who I was. My dear brethren I was a surveyor and a geographer in ancient times. I am always sent by the Spiritual World to survey the ground.

Many Asian countries will lose large parts of their land for the benefit of other nations. In Europe some changes will also be made. There is a top-secret reason why I do not specify when this will be.

The whole world is in a state of agitation. It is possible for just a spark to send the whole of humanity into destruction. The Powers of the Spiritual World will locate the danger.

Those who are working for the downfall of humanity are trying to undermine the unification of Europe. But they will not be able to complete their treacherous work. This is because Europe, as a united force, will surpass all the other continents that are rich and productive but that foster the Daemon of Evil.

From this small country (Greece) where in ancient times the Sun of Knowledge rose the True Light will rise to dim the false civilisations of humanity. The Spiritual World owes a lot to the Immortal Greek spirit that first glorified the Lord; and the Lord will first give to it the brilliance of its civilisation.

There are many things that I do not want to talk of because for the time being they are secrets of Heaven.

13.8 The Prophecy

29 April 1976

[6:174-176]

Jeremiah the prophet: I bless in the Name of the Great Creator and Father of all mortal and immortal.

My brethren, not all prophecies are always pure, because of the different nature of the entities that have received this blessing from Heaven. For this reason there are prophecies that men wait for centuries to be verified. It is precisely on this point that confusion arises because men wait for a prophecy to be verified at some other time. Why this happens is another topic, which if it interests you I will analyse later.

There are very few true prophets. It is they who receive the messages directly from Heaven and they do not err in what they convey. These prophets should not be egotistical regarding the gift that Divinity has given them. They do not act only for their own race but for all humanity, similar to the Teachings of Jesus Christ. My prophecies were verified during my lifetime on Earth because I foresaw what would happen because of the bad management of our races and also due to the illiteracy of the people and the knowledge

Strabo or Strabon (c 64BC – 24AD) was a Greek geographer, philosopher and historian. His life was characterised by extensive travels. He is most famous for his 17 volume work Geographica which presented a descriptive history of people and places from the then known world.

Map of Europe according to Strabo.

Rembrandt van Rijn "Jeremiah lamenting the destruction of Jerusalem" c 1630.

Jeremiah (c 655 - 586 BC) also called the "weeping

of the rabbis who were possessed by the passions of human nature: wealth, intransigence and exploitation of the weak who they ruled by persuading them that those who obeyed their rules also obeyed the will of God. That is, they were 'mockers of Divinity'. Never has God given them such advice that they derived only from the Inverted Logos.

A fraction of the citizens that were the most powerful because of their wealth, created the Zionist group with cunning plans and secret energy to subjugate not only their own race but the whole world. This is why after so many centuries their obscure actions, managed, only with money, to take the scepters of the world without the nations realizing from where this misfortune has arisen.

Today, Zionist power has reached its peak. And because the God of all people does not tolerate such initiatives at the expense of the many for the benefit of the very few, the Spiritual World has turned Its weapons, that are invisible to the human eyes, against the Evil Daemon. Therefore, instead of describing to you the subsequent "confusion" that prevails throughout the whole world, I consider it my duty to give you a prophecy that will be fulfilled in the near future that is for the benefit of those who have endured oppression and unorthodox politics against their nations:

I prophesy that Europe will gain its freedom despite all the difficulties of its union that are interposed by the executioners of humanity, and as one man it will rise, as Hercules, and will exceed the measure of strength of all other continents. Europe will give the first victory for mankind and will enlighten the whole of humanity as the Lighthouse of Heaven on Earth. The rays from its radiation will give new horizons and Heavenly Knowledge to all human creations that are waiting with endurance and patience for this great Victory of the Spiritual World over matter.

In the whole European domain both Eastern and Western, one centre of Enlightenment will give directions to the rulers of the new situation. The true meaning of the Heavenly Teachings, as eternal Light, will be transmitted from Greece to honour it because this small country was the first to teach correctness and the Christian message before Jesus appeared on Earth.

Also, with the knowledge that it receives from Heaven Greece will transmit this to the four corners of the world. Although presently there are strong nations far away from Europe that act oppressively, they will lose their strength and will turn towards the Knowledge of Our Light.

This is the greatest and most upright prophecy that Jeremiah a humble slave of the Lord gives today. Everything else that politicians are involved with are ephemeral, erroneous and will be rejected by

prophet" was the second of the major prophets. Christianity regards him as a prophet and also Islam. A year after King Josiah of Judah had returned the nation towards repentance from widespread idolatrous practices of his father and grandfather, Jeremiah's job was to reveal the sins of the people and explain the reason for their impending destruction by the Babylonian army and captivity. He condemned the greed of priests and false prophets. He was condemned to death but saved by the invading Babylonian King. He fled to Egypt where he died.

the very powerful European continent.

The clearing of the idle that drain the effort of working people will not be delayed, because it is intrinsically necessary from inside for the Power of Divine Will to relieve humanity of the external enemy.

He who has ears listens. Study this text so you can waken yourself and enlist on the side of the honest and invisible Europe.

We are heading towards the defeat, the complete defeat of the Daemon and the resurrection of Justice under the Light of the abundant Love of the Creator towards Man.

13.9 The idea of Europe's unification

14 May 1978

[17:78-79]

Karlomagno (Charlemagne): My dear brethren you will find we spirits are all one and the same when you delve into the pure and true meanings of the Spiritual World. Today I will not speak about my entity, who I was, how I acted and to where I was aiming but only about the high idea of Europe's unification.

This idea (Europe's unification) consumed me but it was not the appropriate time for its realisation.

You will ask why?

It was because there were many prominent personalities who were influenced by a secret, dangerous and treacherous power that was working to obstruct the great value of this idea. Who were they? I was unable to identify who because I did not have proof.

Today, now that everything has changed and you are heading for destruction, intellectual wise men with Divine enlightenment, and who are not chauvinists, understand and know who have become agents of the common enemy in government bureaucracy. This enemy aims to bring confusion and distress to those who have decided to join the one very powerful force of continental Europe.

If this is not successful, be assured that everything will be destroyed and the invisible enemy that is actually visible will enslave Europe but no one dares to name it. Hasten the unification so you will not bitterly regret not having done so. I am of the opinion that the union has taken a decisive turn despite the obstacles that are placed by the warriors of the daemonic side.

I will not refer to the leaders of European countries; let each one assume his own responsibilities. It is sufficient that today's vision of a United Europe be materialised. If New China did not exist, you would have already been buried. The most critical point is to speed the realisation of the European colossus that will impose upon all areas of progress and the total independence of the European continent.

Charlemagne also known as **Charles the Great** (Latin: *Carolus Magnus* or *Karolus Magnus*) was King of the Franks from 768 and Emperor of the Romans (*Imperator Romanorum*) from 800 to his death in 814. He expanded the Frankish kingdom into an empire that incorporated much of Western and Central Europe. During his reign, he conquered Italy and was crowned *Imperator Augustus* by Pope Leo III on 25 December 800 in Rome.

Through his foreign conquests and internal reforms Charlemagne helped define Western Europe. He is numbered as Charles I in the regal lists of Germany and the Holy Roman Empire and France. The French and German monarchies descending from the empire ruled by Charlemagne as Holy Roman Emperor cover most of Europe. In his acceptance speech of the Charlemagne Prize Pope John Paul II referred to him as the *Pater Europae* ("**father of Europe**") his empire united most of Western Europe for the first time since the Romans, and the Carolingian renaissance encouraged the formation of a common European identity.

He took an intense interest in **church music**, and its propagation and adequate performance throughout his empire. He not only caused liturgical music to flourish in his own time, throughout his empire in Western Europe, but he laid the foundations for the subsequent musical culture of the region. In this, he was an ally of the Church. Aided by a technical knowledge of the subject, he

Specific obstacles do not exist, but are created with dexterity by the enemy's agents. It is necessary that Greece is in the bosom of Europe – without it the great idea of Europe will collapse.

Of course Greece needs Europe to survive as a Bright Star of civilisation and knowledge. Later on other members of Eastern Europe will be included in this union. They are ready to rebel as soon as the European unification of the present countries is declared.

Democracy will triumph. Socialism undermines the democratic struggle. A strong democracy will give new light to the whole planet.

Medals and titles do not play a notable role in the proceedings of the lofty idea of contemporary Europe. These are to impress the ignorant.

Long live the all powerful Europe that is helped by the Spiritual World.

I have said enough. You should complement what I have said with your own conclusions.

Thank you for calling me. I give you the blessings of the Spiritual World and my love.

13.10 The politician Aldo Moro

21 May 1978

[17:84-85]

Eleftherios Venizelos (endorsed by Euclid): My dear brethren, Aldo Moro was the only significant politician of great calibre of our neighbouring Italy. He was not only a democrat but also a Christian who in good time realised to where his nation was heading with its corrupt government administration. His plan was to free his country of the claws of Zionism. He worked logically and sought the unification of all the political parties so he could have a very powerful weapon in his hand. He knew how he could convince the large communist party, that if they collaborated with the government he would be able to strengthen the hopeful political horizon that he was seeking. He was a gentle man, deep thinking and discreet with a rare sharpness for a politician.

The deplorable crime of his disappearance is due - why should I hide it – to Israeli politics through the organization of the CIA. Some of the perpetrators were trained in the USA and were persons who held nothing sacred – the common scum of society. The plan for his murder was authorized by the order of the '**Committee of 300**' Jews, which constitutes Jewish Imperialism.

When they realised that this great politician was about to include in his government the communist party (opposite to the Russian line) they decided to exterminate him. He suffered a lot as a true martyr

appreciated the reasons why the Church attaches importance to music in worship, and the manner of its performance. He used his authority to enforce the wishes of the Church. His legislation on this subject, as on other points regarding the liturgy, was conformity with Rome

Aldo Moro September 23, 1916 – May 9, 1978 was an Italian politician and the 39th Prime Minister of Italy from 1963 to 1968, and then from 1974 to 1976. He was one of Italy's longest-serving post-war Prime Ministers. . After teaching Law for twenty years in Bari, in 1963 Moro moved to the University of Rome as professor of Criminal Law and Procedure; subsequently he entered politics. Moro was a

of Christianity. The guilty would have been found directly but they were helped by the unseen collaborators of the agents within and outside the government mechanism.

By this action the dark forces thought that they would bring about great confusion in the political circles of Italy, the revolt of the people and the spread of fear throughout European countries. They achieved the opposite at their expense, and today everyone knows who directed the **Red Brigades**. The strange thing is that they do not name them, irrespective of what nationality they belong to.

Those who have not seen a mortally wounded tiger are unable to imagine how dangerous it is, even in the last minutes of its life. This happens when your common enemy is discovered and fights desperately not to lose its prey. It has devoured the entrails of the nations of the world to dominate them but forgot that there is Divine Justice. The cunning subdues its prey to devour it. But God with His thunder will burn the guilty and dangerous enemy of your world.

Today I was given the opportunity to talk about a friendly neighbouring nation and remain quiet about what is happening in our country where the impudent are not embarrassed to lie by saying that I was a Jew (Beni Selon). From where and how did they produce this information since I was a pure Cretan child of Greece. Despite this only the ignorant dispute whether I was or not pure Greek. Do my struggles for my nation not testify the truth? One must be blind not to see the reality.

Moro was murdered unjustly because of bad actions carried out by the government and police. His death constituted a moral victory for the people when the government does nothing. Be careful not to make the same mistakes since you are not taking draconian measures against such scum that you provide hospitality to and treat as friends. These friends belong to the snakes of Hell.

NB: My brethren, for me to give you this text means that I have received permission to speak freely and for you to convey this text to those who know the truth but are not revealing it.

13.11 About the situation

24 February 1979

[17:299-300]

Euclid: I will speak without going into the details of your situation. Everyone asks for pay rises and they have the right, since there is no economic control and there have been no strict measures taken by your government to punish those wanting to enrich themselves at the expense of the people.

One social class that requires protection more than any other is the middle class. This is because the diligent, the average and those receiving wages have raised their heads and asked for whatever they want so that they can be paid much more than their work is worth. This way the class of self employed lives much better than the middle

very tenacious mediator, particularly skilled in coordinating the different internal trends of Christian Democracy party. Moro was an intellectual and a patient mediator, especially in the internal life of his party. He was kidnapped on March 16, 1978, by the Red Brigades and killed after 55 days of captivity.

*The **Red Brigades**, was a Marxist-Leninist organization, based in Italy which was responsible for a number of violent incidents, assassinations, and robberies. The Red Brigades attained notoriety in the 1970s and early 1980s with their violent attempts to destabilize Italy by acts of sabotage, bank robberies, and kidnappings. In the 1980s, the group was broken up by Italian investigators with the aid of several leaders under arrest. After the mass arrests in the late 1980s, the group slowly faded into insignificance.*

About Zionism:

The Khazars (meaning wanderers in Turkic) were nomadic pagan Turkic/Mongol/Nordic people who by early 600 AD established Khazaria (also called the Land of the Judahites) as one of the largest countries in Eurasia. Khazars were not only expert warriors but also aggressive merchants. At the zenith of their power they demanded payment of 10% from all traders passing through their dominion. This made them very rich. Their largest expansion occurred during the European Dark Ages. Khazars played a power-balancing role between Christian and Muslim nations. After years of fighting both Christians and Muslims their

class. This was done on purpose because those receiving wages were the ones that rebelled against the government.

Now that Greece is about to enter the circle of the European Community, your enemies create other anomalies that you will see since the government has traitors in its bosom and agents to create these anomalies. But do not forget that the enemy will not be able to enjoy the benefits of them because other powers intercede that will overturn them.

The Zionist propaganda makes accusations against China, which is the true salvation of Europe and free nations. Have you heard news from China? They do not speak, but they work. On the other side, the corrupt do not work and are maintained in life by their enslaved nations. The wicked schemers of enslaved nations do not want to recognise this injustice.

Russia appears as a fully armed giant but it does not have the strength to face its internal problems. If Russia is entangled in war its people will revolt against the decayed establishment in order to rid itself of the Israeli element that governs covertly. This guilty Israeli element will not be able at the last moment of its defeat, to escape to the USA where its government is. Weapons that China needs will be given to it, even in secret, by nations that have commercial arrangements with it.

You, who follow false news that updates people, pay no attention, to it because unscrupulous agents who aim to overthrow your state, censor it. The government is wholly responsible for this because it did not safeguard the internal politics and it will find itself in a difficult position with the events that are taking place all over the world.

I am not permitted to give you a clear picture of the situation before you enter into another that will occur soon. I will return later to reveal two related images that you need to be aware of and appreciate.

13.12 The murderous personality of Hitler

22 December 1972

[19:225-228]

Pharah: ... My dear brother I will answer you with an extended summary of this prickly subject that you are so interested in. As you know the conflict is between the material and spiritual world so that a balance can be brought between these two opposing forces.

Hitler was the most appropriate earthly personality to represent Evil with all its consequences. I will not go into details.

Hitler proved that when human nature lacks true Divine Light it does not have a steady opinion. University professors, scientists and all types of people with authority, position and knowledge are converted in an instant into prey by their arrogance. This is because they are glory seekers, credulous and stupid. They are influenced by the new ideas of their unethical leaders who lead their blind followers to total

royalty and aristocracy converted from their Tengrism (pagan phallic/idolatry) religion to one of equal standing to their neighbours' monotheistic religions: Judaism. This conversion and the subsequent en masse conversion of the people took place circa 740 AD and was purely political not to show alliance to neither Christian or Muslim neighbours. Khazars were judged according to the Tora (Tor = customs, unwritten law in old Turkic – modern Turkish= Tore. The Khazarian language is now extinct and surviving written works are primarily written in Hebrew. The converted Khazars named themselves "Jews". These converted Khazars have nothing in common with the Biblical Hebrews yet they lay claim to their heritage.

Even with the disbandment of the Khazars, their language, Yiddish (hybrid of German, Russian and Turkish languages written with Hebrew characters) forms a bond between these people. Through the generations they have also passed down a military tradition known as Zionism and the belief that they were the chosen people and divinely ordained to have their own homeland at any cost.

It is important to recognise that the descendants of the Khazars are not the Biblical Hebrews.

The internet is full of articles by scholars on this issue.

destruction especially if they are crazy and daring.

Hitler was insane with schizophrenic tendencies, an egoist, vengeful and to a large extent superstitious. These were the iniquities of that man.

The various organisations that abounded in Germany under the directive of their invisible Centre suggested to their secret agents the idea of expelling the Jews from German soil. The Christian German agents were not able to perceive from where this order came. From this point on everything became secret, and many of the fanatical and hardhearted Prussians suggested to Hitler that he exterminates the Jews totally. Hitler as the leader did not know that all the Jews were neither guilty nor Zionists.

The political agitation that arose concerning their expulsion favoured the intentions of the secret American-based Number-One Super-government of Zion. The other part, the Number-Two, is based in the political backstage of the Soviet Union.

The leading and dynamic factions of the Jewish population of Germany were alerted in time and left Germany for the United States of America. All these apparent refugees established themselves in public services. Some of them found positions in the commercial centres and banks of New York, being supported by people of their own race.

At the same time that all this was happening, the entire Europe was in lethargy despite their understanding that Evil could explode at any moment. Why was there this indifference by European countries, especially from England and France?

It was because the secret propaganda of active covert organisations, which also operate today, controlled the spiritual vision of the people, especially that of politicians whose mistakes followed one after the other.

Germany was conquering eastern European countries one after the other while the great powers were waiting passively for peace. It was England's intention that the German army spread as widely as possible so it would exhaust itself. This was England's delusion, since the Zionist advisors of its political circles transmitted deceiving images that would benefit Zion. Most of the allied factories that were working day and night were Jewish.

Hitler's first victories forced him to reveal his murderous nature. He decided to exterminate the Jews of the European nations also. Note that for every one Jew that was murdered in the different occupied countries under the Germans, the Christian losses corresponded to between twenty and thirty. The number of exterminated Christians would have been much smaller if the sabotages had not been carried out on behalf of the allies directed by the unseen hand of Zion.

It was impossible for the allies to realize the ploys of the agents of Zion. The dark organisations operated with mathematical precision

since they had all the information. The other big mistake made by England was the organisation of resistance groups that was in such a way that one group worked against the other and they never operated with a common cause. But this is another chapter, one of the most abominable ones.

International Zionism gave the allies directions without being visible. For this reason, none of the responsibilities of the allies materialised in the liberated countries.

If Hitler had had a grain of knowledge, the outcome of the war would have been victory for Germany and a new order. His first duty should have been a sudden attack on Switzerland. He would then have held a large part of the international Jewish gold in his hands. From there without wasting time he would have taken over England by parachute and captured all the agents of the Jewish element that support Zionism, without touching the wealth of the country. France would not have mobilised because the people were not ready to fight. Then the turn of the war would have been different. His campaign would have continued against the United States of America immediately where tens of millions of citizens of German descent were ready to take control and the war would have finished after achieving his goal and recapturing the previous German land of Africa. This way not so many innocent lives would have been sacrificed including Jewish ones.

Hitler's mistakes are many because he did not have the judgment of a balanced person. The people that followed such a man and supported him are to the same degree as guilty as he.

The international Zionists directed the whole pathetic situation of the second great war. And from the two opposing sides, the agents of covert evil organisations transmitted the rousing and enthusiastic messages.

The result of Hitler's murderous activity was that the whole world was financially enslaved to the chariot of the predesigned plan of the treacherous Zionists. This is how after so many years of peace discords, suspicions, doubts and quarrels occur amongst nations and there is eventual turmoil on an international scale.

One of the aims of Zion was to disrupt the balance of the world and raise the voice of international opinion against the German nation so that for many years it would be tied down and unable to react against them as a great power.

My brother, no matter how bizarre it may seem, Hitler was an instrument of international Zionism without him realizing it. For this reason Germany was destroyed. Today in the new German nation there are many agents of international Zionism assessing the situation and trying to destroy its economic blossoming. Will they be able to achieve it? When the whole world is in turmoil and is sitting at the edge of the volcano that is ready to explode will they be able to achieve this?

The Nazi party grew out of several occult groups. The political parties created in the wake of the country's defeat in WWI combined nationalistic sentiment and occultist practices to forge an image of a superior German people. Hitler's imprisonment after the failed 1923 Munich Beer Hall Putsch would make him a national hero for his defense of a strong German state, convincing him that he was the Messiah who could save Germany. Hitler appropriated Christian religious symbols for his own purposes. He adopted the swastika from Hinduism among many other Sanskrit terms and symbols.

The symbol of the Swastika represents the Sun, and also the Wheel of Life turning. The original symbol turns clockwise. The Nazi one turns backwards. The four arms of the original Swastika represent the Four Vedas. The swastika is also the symbol for peace and harmony, as in Buddhism, Jainism and Taoism. It decorates most Hindu homes and temples. Adolf Hitler's rise was the product of forces and events connecting him, his associates and the occult. Was Hitler influenced by supernatural ideas or was he just the embodiment of pure hate and evil?

13.13 United Europe will establish order

3 February 1972

[25:282-284]

Charles de Gaulle: At last my turn has come to talk using the language of Truth. While in the earthly world, it was difficult for me to express the real images of the general situation that was going from bad to worst. I will not refer to myself apart from the fact that as an officer and a politician I foresaw that the accursed Zionism would bind our whole planet tightly like a snake. During the First World War I saw a lot and learned more than was possible for many to learn. As a prisoner of the Germans I had tried unsuccessfully to escape, because I realised that the war was the work of secret masons within government administration ...

Later, when I took a high army position I tried to convince the Government where it should put its emphasis. My voice was in vain. Then I understood to what depth the treachery of the Jewish element had penetrated, and that England was governed from the backstage by Jewish advisors who held the country's economy in their hands.

When Hitler was getting ready to seize Europe by being pushed by the Jewish plans without being aware of it, England remained oblivious and could not see its enemy. On the contrary it was giving large loans to Hitler through Chamberlain thus strengthening the German power while weakening its own. France was undertaking the **Maginot Line** construction, and was also oblivious, whereas by deception the Jew **Staviski** gained colossal sums of money from the French people. These works were half complete and devoured large capital sums of money from the National Economy. The invisible staff of the Jewish Imperialism was working treacherously. I knew it, but I was unable to reveal it because of their duplicity. Some sitting in high places above me fought me with ferocity and slandered me to Churchill and to Roosevelt and amongst them was the Jew, Leon Blum. Blum was the leader of the socialist party in France. He had in his possession a whole street in Switzerland and was considered the richest person in France in silver. Such scum are the Zionist Jews and their traitors who work for personal gain for International Zionism.

I suffered a lot trying to open the eyes of some, but I had little success. There is much that I want to say but it is not the time. After World War Two as President of the French Republic I perceived, as I had thought previously, that Russia played the same role as the USA under Jewish direction behind the scenes. Pompidou was my right hand man. Even though he was a mason, with frankness I exposed everything to him and he accepted that I was correct, after checking for the truth. The world's enemy murdered me without being seen. And when Pompidou followed somehow my political line, he was also exterminated by a method known only to the Jews the assassins being scientists or not. So that the assassins would not confess they were eliminated with accidents. Irrespective how good a commander is, if the army does not want to fight because of propaganda then defeat is certain. The Israeli plans are secret and their agents are non-Israeli mercenaries who would sell even their God.

Charles de Gaulle (22 Nov 1890 – 9 Nov 1970) was a French general and statesman who led the Free French Forces during WW II. He later founded the French Fifth Republic in 1958 and served as its first President from 1959 to 1969. A veteran of WW I, in the 1920s and 1930s, de Gaulle came to the fore as a proponent of mobile armoured divisions, which he considered would become central in modern warfare. During World War II, he earned the rank of Brigadier General (retained throughout his life), leading one of the few successful armoured counter-attacks during the 1940 Battle of France in May in Montcornet and then briefly served in the French government as France was falling. De Gaulle was the most senior French military officer to reject the June 1940 armistice to Nazi Germany right from the outset.

*The **Maginot Line** was a line of concrete and steel defences that stretched between Luxembourg and Switzerland along France's border with Germany. It cost 7,000 million francs to build and was claimed at the time to provide an impregnable defence. However, when Hitler ordered the Western Offensive the German armed forces invaded France through the heavily wooded and semi-mountainous area of the Ardennes, an area, north of the Maginot Line.*

Today United Europe with its power will put everything in order by continually and secretly fighting the centres that the enemies of humanity have created. They do not want Greece to enter into the European Union at any cost; they want to use it as a wedge for their work. The subsoil of Greece is very rich and they have not yet found the main gifts. They purposely delay the economic development. Israel has fallen into the chasm it had opened for others. The Israeli command in the USA will pay dearly for all that it has been doing against humanity for centuries.

I thank you for calling me to say these very few things. With my respect and love.

13.14 The underground wealth of Greece

11 December 1976

[25:127-129]

Euclid: After one month the recently elected president of USA President Carter will take over Government. Then you will know which way he is leaning, since Zionists have taken all the prominent positions. If some of the Israelis lean towards a Democratic Authority against the line of the previous administration, pay attention to them, because they are cunning and divide the people. If they lose from one side they gain from the other. I should not have said it, but I will say it as **Zhou En Lai** refers to the Israelis: "This nation must disappear from the face of the Earth!"

For many years they have tied the hands and feet of the whole world. How is it possible in an instant to free yourselves from the Bad Daemon that scourges the nations? If the "establishment" and government workings of all nations are not cleansed, you will have many struggles.

A military **junta** has tied all of you. But an army of forty million Israelis with gold as their weapon cannot be easily defeated because the strength of Zionism is its double agents and your own people who have been bought. If you subdue them then the Zionist force will not exist.

There is no need for the price of oil to rise. However, Zionism pretends to fight the increase and at the same time gives instructions for the increase of the black gold, so that the Western world's industry will be inactive. There is oil in other countries also. Therefore previously they lied by saying the oil reserves will be depleted and then what will happen? Who gave this item of news? It was the specialists' scientists who do not know what they are saying.

There is endless oil throughout the whole world. It is self-generating. Seawater in natural reservoirs together with other mineral deposits, generate this substance that you all have, but one person tries to enslave the other so he can have oil's power in his hand.

If you consider Greece, because it is of interest to you: oil does not

*Serge Alexandre **Staviski** (1888–1934) was a Russian Jew who tried various professions, working as a café singer, as a nightclub manager, as a worker in a soup factory, and as the operator of a gambling den. He sold lots of worthless bonds. Staviski maintained his façade with his connections to various people in important positions. If some newspaper tried to investigate his affairs, he bought them off, sometimes with large advertisement contracts, sometimes by buying the paper. Faced with exposure in December 1933, Staviski fled. On 8 January 1934, the police found him in a Chamonix chalet in agony from a gun wound. Officially Staviski committed suicide but there was a persistent speculation that police killed him. The Staviski financial scandal affair left France internally weakened. France remained deeply divided for the rest of the decade.*

(Greek) Junta:

On 21 April 1967, (just weeks before the scheduled elections), a group of right-wing army officers were able to quickly seize power by using surprise and confusion. By the early morning hours the whole of Greece was in the hands of the colonels. The US ambassador in Athens, disapproved of the military coup, complaining that it represented "A rape of democracy", to which the CIA chief of station in Athens, answered, "How can you rape a whore?"

only exist under the Aegean islands but also in other areas that you still ignore. This is because some of the specialists who knew these oil sources bribed the people who knew about them. Those that they could not trust have disappeared and nothing is said about them, like the unknown who had accidents!

Greece does not only have oil but also mineral wealth and gold in areas that have not yet been discovered. It has platinum. Pay attention to this; it has other types of metal too whose composition is between copper and steel. It is a strange synthesis that is unknown in your 20th century. The one thing that it has in great amount is the stupidity of those responsible. This exceeds the entire wealth of the world. If things were different you would be the strongest nation on Earth. I should not have said that but you force me to speak bluntly.

Although the Greek people are very clever at the same time it is gullible regarding the words of its enemy. They have not yet realised that if you are praised excessively it means that they have discovered something of which you are unaware.

The Prime Minister is given praise to conceal the fact that foreigners envy this nation of the people and not the Prime Minister. Because whoever is in charge today will not be tomorrow whereas the people regenerates. It is immortal. From its ashes emerges new life.

Long live the Greek spirit. It is, as it was and will be immortal throughout the centuries.

Euclid: ... The Authority of the Jewish Zionists that holds the scepter of authority of the USA unfortunately having enslaved the tormented Christian nation of Cyprus aims to eliminate it, through the military invasion by hordes of Turks. It is possible that a massacre will occur there and perhaps in **Constantinople**. Also the Turkish junta is unyielding, as you know from your own junta in your country. This action will enrage the civilised nations of Europe against the USA and against the Turkish crimes. They would be punished directly by Divine Providence and will lose everything in their quest. The aim of the intransigent Kissinger, sponsor of the young descendants of David, is to push every one toward a world war.

Your politicians must not occupy themselves with factions; this is a profane act at this critical moment, because they betray their country to those who are willing or unwilling members of evil organisations, that by indirect means can corrode the unity of the people.

The junta occupied you by force as a legal destroyer of everything. Your present government has received the country from the junta in ruins but the Governor has managed with the will of the people to take control and restructure your military strength. Do not seek miracles from your Government in a short space of time. Be wise

granted and enjoyed by the Greek people for decades, were instantly suppressed. The rapid devolution of Greek democracy had begun. Greece's allies in Western Europe were split in their attitudes toward the Junta. The Cyprus fiasco led to senior Greek military officers withdrawing their support for Junta and the junta collapsed. Parliamentary democracy was thus restored, and in 1974 were the first free elections held in a decade.

13.16 The impasse of today's situation

25 November 1971

[19:116-118]

Pharah: The Lord blesses you all and says: "Peace I say to you all".

My beloved ones, you who are far away from the advancing evil will have the protection of the Spiritual World's powers. Not only have men become morons but also do they not know what they are doing or where they are going – the Winds of the Lord will punish many. But intellectual men with earthly knowledge are at an impasse. These men are the ones that have created this situation.

Of course, those with heart and feelings are sorry for all that is going to happen. But who is to blame when the untamed spirits of men fall into the traps of the Daemon? Where is their knowledge and their enormous earthly education to enable them to repel the evil? This is how men act when Divine Enlightenment does not exist.

I recommend to every one including those who receive our rays (i.e. the printed material from Divine Light; www.divinelight.org.gr) to stay away from disputes. Occupy yourselves only with the directives of the Spiritual World and put these into practice. You will receive Light free and if you have queries or if you want clarification on certain points, even if they are personal, you have the Spiritual World as faithful advisor that is willing to give you what you ask. As long as you do not mix with politics, at the appropriate time, you can have the strength to teach what you have learned to all your brethren who have an absolute need of your help.

Take care of the youth. They are fragile and you are able to direct them towards the correct, bright path of their future. Alas to those who have diverted from the correct path. They will regret it bitterly and there will be no salvation for their souls. These words enter the ears of the youth from one side and exit from the other ear, because they are inexperienced and ignore life and the path of life. Anticipate evil so you can save those that you are able to, and they can be thankful.

In general the world situation is very dangerous. A spark is sufficient to bring about a great disaster to many of your brothers. I am not going to talk about what is going to happen so no one is influenced by me. Everything depends on the Lord and only He can tame the spirits of rebellion and evil. But be assured that from all this situation good will emerge because during the battle the guilty are defeated and the victor takes responsibility for the reorganisation of life.

(2001) is C Hitchens' examination of the alleged war crimes of Henry Kissinger, The National Advisor and later Secretary of State for President Nixon. Acting in the role of the prosecution, Hitchens presents evidence of Kissinger's complicity in a series of alleged war crimes in Bangladesh, Cyprus, Chile, East Timor, and Indochina.

UN arms trade deal blocked by key nations

"A UN deal to regulate the international arms trade has suffered a serious setback.

The Australian-sponsored draft treaty was blocked by the United States, Russia, North Korea, Cuba and Venezuela, who all asked for more time. Under the proposed UN treaty, signatories would have had to evaluate if any conventional weapons they exported could be used to violate human rights or fall into the hands of organised-crime gangs. United Nations chief Ban Ki-moon said he was

commitment to obtaining a "robust" arms trade treaty, noting that countries had agreed to pursue negotiations. "There is already considerable common ground and states can build on the hard work that has been done during these negotiations," he added.

Some diplomats said Washington had refused to vote on the proposed text, saying it needed more time before the midnight deadline and was worried about a

13.17 The establishment

3 March 1979
[17:302-303]

Jean-Jacques Rousseau: With the Lord's blessing I come from all the great Spirits to give you their reinforcement of educational and enlightening knowledge to place against the establishment large or small.

There is no worse obstacle that can be placed in front of pure knowledge than the cruel, egotistical and inhuman establishment that is always constituted by a few people forcing their will on the many.

Unfortunately what is established be it large or small has the support of governments and clergy. For this reason, on one hand the clergy with their iniquity and lies destroys all the authentic and pure enlightenment of religion. On the other hand those who hold high positions in society, as a governing class consider themselves as favoured to look after and always govern for their own benefit.

Over thousands of years such establishments have destroyed the brightest societies of different eras. France at one time was the bright star of free speech. But, the establishment managed to subvert this bright light and through revolution to supposedly bring freedom, brotherhood and many other goods, according to the opinion of the few who betrayed the many. It brought the French nation to the edge of the abyss! I do not want to elaborate upon what role foreigners played in this country at the expense of course, of the French people.

As you know I was not French but Swiss. However, I considered France as the mother of science, art and literature. Even today after all the battles, despite its freedom, France is not free. You will ask me if I know of any country that is free from its establishment. None! With the awakening that Heaven gives to the population of Earth, this hideous encircling phalanx will be combatted. This phalanx that destroys and enslaves free speech from which the flower of progress blooms.

Through effort and toil Man is able to attain high levels of knowledge. But if knowledge exceeds the limit, its value falls and it is absorbed and rendered defective under the direction of the establishment whose strength is reinforced by the fallen values of morons.

pushback from the US Congress. Russia and other countries followed suit. "It's the fault of the United States that we failed," a Western diplomat said, requesting anonymity to speak freely about the subject."

Rousseau, 1753, by Maurice Quentin de La Tour.

Jean-Jacques Rousseau born in Geneva (1712-1778) was a philosopher, writer, and composer of 18th-century Romanticism of French expression. His political philosophy influenced the French revolution as well as the overall development of modern political, sociological and educational thought. His writings are cornerstones in modern political and social thought. Rousseau was a successful composer of music. He wrote seven operas as well as music in other forms, and he made contributions to music as a theorist. Rousseau, a Freemason was interred as a national hero in the Pantheon in Paris in 1794, 16 years after his death.

Because Greece first gave the Light to the whole world and did this through the freedom of speech, the conscientious who are sitting in the high places of this World ought to give the people of this Greek land a wreath of glory. The Sun of Knowledge rose from this land. It reached its zenith for the whole world but it was covered by clouds by the people of the West. Therefore, let the ungrateful keep the clouds of ignorance for themselves so that the Sun of Greek Knowledge can shine again.

I make no distinction between nations, but I ought to say the truth because only this will melt the iceberg of the Greek establishment. The incapable and spiritually uneducated are always included in both small and large establishments

Greece lived, will live and will create the new Light to cover the whole world. Blessed is the land of Homer, Socrates and Plato.

13.18 Who owes pays

19 Jun 1978 (**All Souls Saturday**)

[17:99-100]

Alexander G (ex army Officer): Even though you are on Earth you are demobilized! I, who you think am intangible am ready at the bulwarks of the battle. Luckily the bullets do not touch me! Not because I am afraid, but I will cause great damage to the common enemy that is fighting us and wants to subdue our religion as if we are subordinates. But he does not know what I am preparing for him.

Do you see this sword? – it is magical, it will defend religion and family.

I thank you very much that you remembered me and wanted to hear a few of my words. You will recognise them by their action.

If someone pretends to be honest and conscientious, Divine Justice will crush him and punish the sinner tenfold.

I am not bloodthirsty as a military man. I also have a family and children that I love and protect. But I cannot tolerate the barbarism of the enemy that seeks any excuse to take over Greek soil.

Your government will pay. It owes a lot to the Greek people. The Greek people will win and will liberate Greece from the dangers that threaten it. Your governments have betrayed the people for long enough. It is the turn of the people to condemn those who have created this situation.

You never reached the stage that you are currently at, nor did you ever imagine that you would. The people remain uninformed not because the government is afraid of them but because it is afraid of the agents it brought into our country. Let it pay for its imprudence.

I am not harsh but I am just. Whoever owes pays.

All Souls Saturday : It was made known through spiritual communications that all eligible souls are given permission on this day to visit loved ones still on Earth.

13.19 The battle rages

21 July 1978
[17:130-131]

NOTE: The following was channeled by E.Sapountzakis. Theoclea was a Pythia in the Oracle of Delphi. The communication was validated by G.Pisanis with the following communication of Pythagoras.

Theoclea: I am very pleased that I have completed a very difficult task for Our Authority. It relates to the subject of earthly developments. All the Spirits of Our Kingdom are at the zenith of their energies to shape the flow of events on the planet where you live.

The battle rages and the clash of the two **Logos** is terrifying and too inconceivable for you to comprehend. The aim of the Spiritual World was the removal of the Devil's mask and the revelation of the true face of the enemy in the vision of people, but especially in the eyes of those who have leadership positions in the running of nations of mainly Europe. Europe's political unification is being hastened in a way that your news channels do not assist you to understand.

The events that are continually changing will be shocking and sensational by the more active position taken by Great China in the international arena.

Europe moves decisively with fast pace to take the wind out of the sails of the USA by speeding up its unification and the subsequent creation of the free **European currency**. This, despite the raging opposition of the invisible and cunning enemy that is now visible to the leaders of European nations.

At this point the prestige of China, within the European region and extending to other geographic areas, will rise with a dynamic and incalculable politically attractive dynamism. This will nullify the political aims of the two superpowers, the USA and Russia, which in reality are the two jaws of the Snake. The Snake will be enraged because of its discovery and with its tail will constrict its head within its nest in the USA.

This is the strategic aim of the powers of the Spiritual World. It is to bring about the balance of the earthly clashes of the powers, which will lead the nations, not without sacrifices, to the peace that the powers of the invisible Spiritual World are moving towards. So the reconstruction by the free nations can begin from the spiritual ruins that were created by the so-called chosen people.

Pythagoras: I validate the text of beloved Theoclea, Pythia of the then sacred temple of Apollo in Delphi, who has the permission of our Authority to enlighten the brothers who are in ignorance.

My dear, my own position is the deep study of secret problems that I solve in silence and keep in strict secrecy future events.

(i) **Logos** =The Word = Jesus Christ.
(ii) *Inverted Logos* = Satan.

The euro (€) official currency of the Eurozone. The name euro was officially adopted on 16 December 1995. The euro is the second largest reserve currency (2012) as well as the second most traded currency in the world after the US dollar. In 1998 eleven member states of the EU had met the convergence criteria and the Eurozone came into existence with the official launch of the euro (alongside national currencies) on 1 January 1999. Greece officially adopted the euro on the 1 January 2001.

I add for the New China, that it is an industrious nation with very ancient civilisation, excellent craftsmen in their restitution as well as spiritual development. If they are lacking in mechanical progress it is because they are peaceful people with superiority of high humanity. But the leader that China needed was missing until the appearance of Mao and his collaborators.

Today China is the wall of European civilisation and defender of justice against the unjust. Others will talk about interesting subjects relating to New China.

13.20 Revelations

22 and 24 July 1977

[25:257-258]

Theoclea: We the female form play a great role in the outcome of the international situation. We operate as one all mighty energy that caused huge breaches in the enemy, which cannot heal.

Now follow the revelations and in a short time to your surprise you will see what will happen.

I wonder how the prominent personalities of the USA can advertise that they are defenders of Western civilisation and defenders of human rights, and run down the Russian mentality when they themselves are the creators of crime syndicates under the leadership of the CIA. When Man does not have the "know thyself", imagine how can an international power like the USA with an angelic face create such large-scale diabolical situations. The famous CIA, which is an instrument of Zionism, digs the grave of humanity, so it imprisons itself in it.

There are thousands upon thousands of brutal victims of the Jewish-Zionism, not only in the large country of America but also in foreign countries throughout the world. The CIA has become involved with the distilleries and with its special agents within the factories are producing in total secrecy some drinks containing small amounts of chemical substance and others with larger dosages that are shipped to where they think is appropriate. No chemical analysis will discover this disgraceful practice because they have managed to have this substance appear pure and are able to conceal slow death. The same occurs with other products that are dangerous to the health of Man. Thousands die everyday from heart diseases or other similar illnesses that are researched in trials. It seems unbelievable but it is true. The whole scientific effort is to achieve death. There are other means that will horrify the human mind. When they are discovered you will not believe how and for what reason the Zionists are working throughout the whole world.

Another Spiritual Leader could enlighten you as to what game is being played in Greece since your Government is oblivious and does not accept the many political points that we foretell to alert it. I have experience because of my position (in Heaven) as a member active in your defense.

13.21 The poisoned oranges

4 February 1978
[17: 19-20]

Euclid: My dear brethren, despite the contradictions of some who have the impression that the Spiritual World is politicking, they will bitterly regret all the things they did not perceive against their country.

Zionists are monsters of falsehood and bad faith and so harsh that you cannot imagine it. Starting from a recent event that has occurred I will tell you the plain truth.

Oranges to be sent from Israel to the countries of the West were discovered to be poisoned with mercury. After this discovery, the shipment was destroyed and Israel announced that the Palestinians had carried out this evil action out of revenge.

Is it possible that the Palestinians could have done this since the Israeli authorities check them? And where were these fruit-boxes that were inoculated with mercury found? If Greece or Spain had carried out something similar, their fruit would have been totally banned from western markets. Watch and you will see that despite the west rejecting the Israeli oranges they will reappear in their markets directly.

Israeli agents carried out the inoculation so they could attribute the responsibility to the Palestinians with the premise that they cannot be trusted and because of this they could not return them to the land of their fathers.

You can see what kind of falsehoods are being used in their politics, so they can react to the words of President Carter. These are the Zionists! Liars, barbarians, unethical and taking cover under the white wings of the white dove hiding and working invisibly. And the governments of the so-called united Europe remain torpid! You will either all become sub servants of the Zionists because you have not a grain of wisdom, or the government will be taken over by left-wing factions that have no connection with the Russian mafia.

It was necessary to say all of this so you do not fall into the same sleep that the people of USA have fallen. When the Prime Minister of Israel travelled to the USA to see President Carter, he deceived all of you. He first met with the high authorities of the invisible government of Israel in the USA and afterwards met with Carter. Whereas at the beginning, before his trip he promised Sadat the return of the land that the Arabs had lost but at a directive from the Jewish representatives in the USA he changed his mind and insisted that not an inch be returned to them, thus deceiving even Carter, who realised that something was amiss but did not know how to react.

Thus they thought that through the affair of the oranges would strengthen their stance of not returning the Palestinians' land to them.

In 1979, Egypt and Israel signed a peace treaty that ended 30 years of conflict. Egyptian President Anwar Sadat and Israeli Prime Minister Meacham Begin signed the Camp David Accords in 1978, following thirteen days of secret negotiations at Camp David. A Framework for the Conclusion of a Peace Treaty between Egypt and Israel. Little progress was achieved on the first framework however, A Framework for Peace in the Middle East, which dealt with the Palestinian territories.

13.22 The rampart of True Light

7 September 1974
[23:269-271]

Pharah: According to the Zionist point of view, as we said at another time, one power is insufficient to attack the whole of humanity. However two opposite forces, capitalism and marxism that form the two jaws of the same beast could more easily facilitate the corrosion of all the nations of the world.

That is why I stressed, that if Russia is willing to help a nation, for example Greece, do not rely on its help because you do not know what is going to follow since Russia receives instructions from the same source as the Zionistic mafia.

You have realised that Egypt has fallen into the trap of the two super powers. If Russia wants to help Egypt today this will be so that Russia has a position in the Arab world. The other side, America, has betrayed Egypt. Therefore Russia will defend it with the opposite aim to that of America but ending up at the same point that Zionism is pursuing.

Does it not seem strange to you that for years we have rung the bell of danger against Zionism and you with the smile of your naivety have shown no interest in denouncing the role of the Jewish Empire. For this reason at the last moments of the great political turmoil, the Spiritual World is intervening by entering the battle, so that the nations of the world awaken against the common enemy.

If Christianity is subjugated then all foreign religions will be nullified immediately because they are artificial.

Therefore, the Christian world keeps the walls solid and battles with humanity but not brutally as is taught by the secret hierophants of the Daemon who are Zionists.

They make so many mistakes that they are going to fall into the pit that they are preparing for the Christians.

Because Greece is the first nation in the entire world that has taught the Truth from ancient times and has adopted Christianity through love and benevolence it will again enlighten the world of corruption and ignorance through Divine Truth.

The Lord has destined Greece to be the battlement of True Light to give all the nations of the world the meaning of brotherhood between each other and has not chosen one nation only, as though the other nations were not children of the same father.

But who taught the so-called chosen nation that it is really the chosen one? Let the readers look back in history to see and believe, what crimes they have carried out against their weak and peaceful fellowmen. Let him study their Zionist's history so he can be convinced that these are not the **chosen** people of the Lord, as some of their wicked prophets have stressed.

*In Judaism, "choosiness" is the belief that the Jews are the chosen people. This idea is first found in the Torah. Much is written about these topics in rabbinic literature. The three largest Jewish denominations maintain the belief that the Jews have been **chosen** by God for a purpose.*

http://en.wikipedia.org/wiki/Jews_as_a_chosen_people

There are **chosen** people who have a conscience in all nations of the world. Those without conscience are the chosen ones of Satan. These people create wars for the benefit of the Evil spirit and ignore the existence of the Leader of the Christian religion, Jesus, Who will bring the axe on their head.

13.23 Europe - China

25 May 1974
[23:211-212]

Pharah: You are going through a bad period on a worldwide scale and it is especially wretched for your country. Not one of you knows what is going to occur not even those in authority.

At another time I stressed that whatever is going to happen, will surprise. In order to discover the huge thefts carried out at the expense of the people for the enrichment of unscrupulous people, and cunning foreigners such as the Americans who have been positioned to destroy your national economy, the situation in your country has to be totally cleansed. Do not be impatient and you will see in what situation they are going to find themselves, which we have already stressed twelve years ago. The richest nations will become bankrupt. What is going to happen to them? This does not concern you ...

So that the Russian establishment does not benefit from this fall, it will be confronted by China and Europe. Europe will prevail as the greatest power of the world.

At another time I stressed, a long time ago, that in reality China is democratic and is not interested in expanding its borders to the west, but towards the north. This is not to conquer foreign lands, but to recapture land that it owned previously. Instead of its Chinese citizens progressing they remained passive, and so Russia took advantage of them in terms of military operations.

This colossus that is called Russia will become consumed by fire because its foundations are ready to crumble. The future of the world will be very different when the two super-powers are punished as abusers of justice, wealth and the goodwill of nations, then there will be freedom of speech and understanding between the nations.

The evil Daemon that organised these two to crush all countries, will give an account of its actions here on Earth. But you are more interested in your own country. Of course it will also be cleansed, much earlier than you think, because the same criminals hold it. It depends what stance the free spirit of men will take!

The majority of opinion is against the dictatorship. Already agents of European nations have started to act investigating the weakest points upon which the dictatorship was established so that from them will start the explosion that will cause the building to crumble immediately. They also suspect that not much time is left for those in

authority. Many human scum will die and justly, because they have destroyed everything. They have bankrupted the national economy and intervened in sending many innocent people to the world above, after they have tortured them with great harshness and inhuman conduct.

13.24 The role of China and Greece

31 August 1975
[24:117-118]

Confucius: My brethren, if in the middle of the developing fights that are taking place and if such a great power as China did not exist, today you would not have been able to overcome the sinister and cunning actions of Zionism.

The Lord has assigned China as a Dragon-guard of nations' rights. China saves the situation and gives the opportunity to Europe to become the strongest continent in the world, with the difference being that the remaining scum of Zionism have to be cleared out from their government structure.

To come now to your area, I have to say that yes you have acquired democracy but it is insipid and it will be erased in time. We give great importance to your sacred area, which will be glorified first by us and then by the other nations of the world. This is the place where democracy was born and Christianity was established and extended to the western world.

Despite all that we report, we as Spirits do not belong to any one specific country but only to the World of Spiritual life, as defenders of truth, justice and love towards the creations of the Lord and Creator of everything.

Your area is small but miraculous and must be extended as an outstanding power to give its brilliant light to other nations, that is, to humanity.

I do not refer to Greece as a nationalistic nation but as a universal nation. A country that Divinity has created for the enlightenment of goodness and piety. It is as a jewel of spiritual value and mercy for the underdeveloped countries.

Greece in antiquity shone as a star of knowledge. Today it will shine with a blinding light on all areas so that all will wonder about this miracle without knowing why the Spiritual World designated this country to be a spiritual sun so you can live and enlighten the darkness.

A portrait of Confucius by the Tang Synasty artist Wu Daozi (680–740).

Confucius (551–479 BC) was a Chinese teacher, editor, politician and philosopher of the Spring and Autumn Period of Chinese History. The philosophy of Confucius emphasized personal and governmental morality, correctness of social relationships, justice and sincerity. His followers competed successfully with many other schools during the Hundred Schools of Thought era only to be suppressed in favor of the Legalists during the Qin Dynasty. Following the victory of Han over Chu after the collapse of Qin, Confucius's thoughts received official sanction and were further developed into a system known as Confucianism. Confucius is traditionally credited with having authored or edited many of the Chinese classic texts including all of the Five Classics, but modern scholars are cautious of

13.25 Why England moves towards the abyss

19 January 1975
[24:10-12]

Pharah: Is it possible that many will wonder why England that was for so many years ruler of the seas and the richest country that sucked most of the produce from its colonies, would be heading for extermination?

England that was a world authority in politics, commerce and industry is to be led today towards the abyss?

This said country that had all the means to develop spiritually to defend justice, in an "unreasonable" and one would say novel manner formulated justice according to its own criteria and fell into irreparable errors

Do not forget England's excessive egoism and greediness in conquering defenseless nations with rich lands and unexploited subsoil. Wherever it placed its feet, under its administration the indigenous population remained in the spiritual state of animals. It was only concerned for its colonial citizens who it considered to be many degrees inferior in development to the citizens of its own Centre, who it essentially considered as worthy guardians of its mightiness.

The snake of Zionism with its thousand masks treacherously undermined the apparent paradise in everyone's eyes that was called Great Britain. So, generally, today its agents hold the keys of government mechanisms. Having been approved by advisors of Jewish descent, Zionism directs the politics. Also most of the productive factories are run using foreign capital.

England was helped by many prominent Jewish personalities to establish the first centre of Masonry that spread cunningly throughout the whole of Europe, Russia and the Far East. With this weapon (of masonry) and without making their further aim known they have enslaved all the countries of the World.

Therefore England was the first active and intensely energetic rampart of masonry, that is, the base of operations of the Jewish danger to the world.

Let the English reflect on how many Anglo-Saxon Jews and agents spy on the pureblood of England, so they can destroy it at the right time. Already enemies with a conscience that is english in appearance govern it. England's vile policies against other nations will cause it to be in great difficulty.

This country is infected politically. Before its citizens wake from their lethargy and realise their mistakes, events will take place that will totally disrupt it. It will then be too late to find their path again.

If England links with the politics of the USA today, it is because of their common language. This is precisely the fault of the English that

attributing specific assertions to Confucius himself.

Aphorisms concerning his teachings were compiled in the Analects, but only many years after his death.

Confucius's principles had a basis in common Chinese tradition and belief. He championed strong family loyalty, ancestor worship, respect of elders by their children (and in traditional interpretations) of husbands by their wives. He also recommended family as a basis for ideal government. He espoused the well-known principle "Do not do to others what you do not want done to yourself".

lost their way. They undervalue humanity for the sake of the single language and not as many think because of the need of monetary loans.

England has independent sources. This is an unknown truth: England is richer than the USA.

The Jewish snake (treachery) has destroyed its foundations without England realizing it. England moves towards the destruction of its previous strength at high speed. Not joining the Common European market will be to its detriment and not that of Europe, which is what European politicians stress.

If those responsible for the country do not change tactics England is in great danger because it is already being led towards the abyss much faster than anticipated. May God enlighten the inconsiderate fools.

13.26 Update on the international political situation

27 June 1974
[23:230-232]

Pharah: ... It is superfluous for me to say that unfortunately the USA does not have a leader. Members of Zionism govern there, as one person. In their darkness they make political mistakes by supporting Israel directly as the state that is the ruler of the Middle East.

The Egyptians fell into Kissinger's trap. However, the Egyptian military oppose **Sadat** and they may remove him or assassinate him. It is not possible for the USA to concentrate all its policy in that direction, since the whole of Europe is against the USA politics.

Much will happen at the expense of the American Continent. This is because the foolish and ambitious **Nixon** who is totally influenced by the Zionist thinks with his deceit that it is possible to genuinely agree with Russia – he acts aimlessly. And with the same intention Russia will also agree with the USA, without supporting their preplanned designs, since both Powers agree with insincerity.

You, do not look only at the surface, because the bottom is different. One is trying to ridicule the other. In the meantime, Europe, which has realized what was going to happen organised itself quickly, having the mysterious China as its ally. Both the USA and Russia fear China.

Today no one from the two Super Powers is in position to step on Chinese soil. Whoever tries will be destroyed. China has an organised living army with a leader rare in your history. It is politically organised differently from Russia. The Chinese are free! The Russians are the slaves and the Americans are servants of the Zionists.

Greece, this small country that forms part of Europe will be the

*On 6 October 1981, **Sadat** was assassinated during the annual victory parade held in Cairo to celebrate Egypt's Suez Canal. An army lieutenant led the assassination squad.*

"Every politician, every pastor and evangelist, every CEO, every celebrity—indeed, every person of any known name or position in America—knows without a doubt that the Jews hold the key to their continued success. The Jews make people and they can break them. You get where you are socially and economically because the Jews put their stamp of approval on you. And if they withdraw that stamp of approval, you're out—finished, thrown away like old worthless rubbish onto the trash heap of history".*

responsibility of the Spiritual World. Be optimistic about a new situation that will appear on your horizon and wait for the developments that you will learn of. So, based on these you will know how to act for His Work that will enlighten even more all the Spirits that need enlightenment and will expose the Evil Daemon.

13.27 Developments in the Middle East

30 August 1975
[24:115-116]

Aristotle: ... I bless the dear friends and collaborators faithful to the Spiritual World. I come in response to your call, to enlighten you on the urgent topic that you have requested. The essence of the question has touched the heart of reality. This reality will manifest in strange dimensions and in different developments that will occur quickly. With the result, that the haste of Kissinger will secure stealthily the Egyptian signature to the agreement – trap – and also expose the satanical plot of American Zionism; that in an infernal manner is collaborating with the State of Israel and aiming to quickly achieve a “de facto” conquest, to acquire land in the Middle East which is vital for their plans and interests.

One such success of the Zionist plan, the direct submission of Arab oil producing countries and the interruption of the efforts of African nations to achieve political and economic independence will have blown up the dreams, the hopes and the economic and political forces of all the European nations.

The revelation of this plan and the unmasking of the Daemon will have an immediate effect on the utter failure of Kissinger’s efforts. This failure will humiliate him and will have direct repercussions on the Laws of the USA to such a degree that the Daemon in his confusion will become the arsonist of the Eastern Mediterranean and the Middle East, trampling on everything and everyone to save his power and prestige. The defeats that he is going to suffer on all fronts will surprise the awakened humanity.

The forces of the Spiritual World are invisible on the battlements and they direct the nations towards victory with the flag of humanity as their guide that is the Lord and Saviour of Man.

We have already said what will happen in your country and therefore you are already aware of the astonishing victory of the Greek forces. You have all shown as Greek patriots that you are brave, fearless and ready to be sacrificed for the ideals of freedom, freedom of speech and humanity, so give an example of the slap that you will give to the imprudent cheek of the enemy of humanity.

With the inspirit blessings of the Lord and the Spiritual World, I greet you and bless you.

“Today, in the U.S.A., our Congressmen, politicians, and generals are fully cognizant of this “fear” principle, and they do not dare stand up to the Jews. Whatever Israel’s Netanyahu and the Jewish lobby want, they get. Even when the Jews demand the death and massacre of millions of innocent men, women, and children throughout the Middle East, the United States leadership rushes to carry out these horrific crimes. As far as the Talmudic Jews are concerned, the death of these gentile victims are acceptable sacrifices to the Jews’ kabbalistic god, Moloch, the deity of the Jews’ six-pointed star”.

13.28 Conscious humanitarianism

4 August 1977
[25:258-260]

Zhou En Lai: First, I thank Divinity that has heard your request and secondly you that your voice as a prayer came from the land where democracy was born and the unsurpassed civilisation of that period of your ancient forefathers whose spirit was for humanity and is the brightest light for the inner world.

In my country of course there were important people with high level of knowledge, but it was difficult in such a huge nation that was uneducated and illiterate. For this reason the many were working for the few. In successive periods through patience and imagination our civilisation has raised the arts that were worthy of admiration.

The great conquerors of international history are admired for their bravery, but not for their human knowledge that they lacked, apart from a few who have fought to civilize underdeveloped nations. For me the main knowledge applicable to man is conscious humanitarianism.

From the beginning, the majority of our people had within them the seed of kindness from Divine Inspiration. But foreign elements created fratricidal wars. This is because according to these foreigners great China should not have been permitted to raise its head, neither for the liberation of its country nor for the benefit of the weak nations that have fallen into the nets of the invisible and cunning enemy of humanity.

Mao, together with his collaborators, has saved China from this danger and distinguished it. I was against some of the ideological beliefs of Mao. I didn't know of his objective aim even though I was collaborating with him. Mao was a politician whereas I was interested in the wellbeing and spiritual development of our nation. Mao's work has to be considered as an epic achievement of the centuries in the history of all nations.

After research and as soon as I discovered which is the invisible arm that creates wars and by its economic strength stops everyone taking advantage of them by the most cowardly and shameful methods through systematic lies and theft, I declared to Europe that the nation of Israel had to be eliminated from the map. Unfortunately the USA opened its arms and bosom and squeezed the poisonous Snake of Zionism, the most Mafioso of the world, inside it. It is this that I accuse of being responsible for all the earthly anomalies: wars, corruption and immorality. It is the one dangerous enemy of all nations. It makes alliances with the most powerful and eliminates the weaker until the time comes to destroy the strong. It has money and lies as its weapons. It hardens the conscience and it buys agents within the press. All this is carried out cleverly through third parties. The establishments of the various nations are working for this Snake. Government mechanisms are in the hands of mercenary non-patriots. Those of you who are blind and worthy of your fortune, wake up and knock down the head of the Snake of Zionism.

Zhou Enlai 5 March 1898 – 8 January 1976 was the first Premier of the People's Republic of China, serving from October 1949 until his death in January 1976. Zhou served under Mao Zedong and was instrumental in consolidating the control of the Communist Party's rise to power, forming foreign policy, and developing the Chinese economy. A skilled and able diplomat, Zhou served as the Chinese Foreign Minister from 1949 to 1958. Advocating peaceful coexistence with the West after the stalemated Korean War. Mao dominated any gathering; Zhou suffused it. Mao's passion strove to overwhelm opposition; Zhou's intellect would seek to persuade or outmaneuver it. Mao was sardonic; Zhou penetrating. Mao thought of himself as a philosopher; Zhou saw his role as an administrator or a negotiator. Mao was eager to accelerate history; Zhou was content to exploit its currents. Largely due to his expertise, Zhou was able to survive the purges of other top officials during the Cultural Revolution of the 1960s. As Mao Zedong's health began to decline in 1971 and 1972, Zhou and the Gang of Four struggled internally over leadership of China. Zhou's health was also failing, however, and he died eight months before Mao on 8 January 1976. The massive public outpouring of grief in Beijing turned to anger towards the Gang of Four. The members consisted of Mao Zedong's last wife, the

13.29 The new path of Greek civilisation

12 June 1975
[24:73-74]

Herodotus: Despite all that you see, hear and read pay no attention. Everything is false because no human knows the Will of the Lord.

The Lord has decided that despite the anomalies and changeable thoughts of those responsible, this country (Greece) will not only collect the wreath for victory but also for its destiny as the bastion of the new phase and directive for nations, imitating Greece in its new civilisation.

It is a blessing that the Highest Authority has decided that this country will give the first civilizing light to the world.

Do not be daunted and be assured that no enemy great or small will be able to bend the stature of your country.

Do not get involved in the disputes of foolish people about political situations.

Greece as one human being follows the path of its destiny.

And which is this?

It is the new Lighthouse of Knowledge of Goodness and Piety so that Justice, Virtue and Love will triumph.

It will be the triumphant march of Hellenism into the lands of the barbarians.

13.30 Today's world of Russia

3 November 1977
[25:305-307]

Leo Tolstoy: My dear brethren it has been some time since I returned to your table to tell you about my views of my huge country.

Some authors who battle the enemy of humanity are mistaken if they think that Russia follows a path that is different to that of Zionism. The Russian government is guided from the backstage and has the army as its base. In spite of its heavenly splendor the people suffer. They live as slaves and do not have a free opinion. Fortunately for this nation, who was the most faithful to the sacred Christian wine for

the Eucharist (to the Teachings of Christianity), today it is watched just in case it rises against the establishment.

Christian education is widespread, including in the army. Within the governing authority there are many who are superficial communists only. They are impious, but essentially they are enemies of atheism and of enslavement.

I foresee that in Russia not only will the people rise, but also they will have the support of the army. They will not obey their government despite its strength. The enemies have not taken God's Power into account. Moscow was the most religious city in the world. Today there and in the Kremlin snakes lie hidden and the Powers of the Invisible World will destroy them. If you do not believe my foretelling the fault is yours, because you have never considered the truth of Heaven to be a specific power. You will see many things so that you can believe what you cannot imagine.

A nation that Zionism thought as its own was deceived. This nation today is very powerful against its enemy. It is China that calls itself communist. But is it? If you have any knowledge you will understand this yourself. It is the first nation that rose up against the two superpowers because it realized the Zionist trap. China knows how to maneuver and no one knows its strength. This is the nation that in time will assist all the nations of the world against the common enemy of humanity.

There are no left wing or right wing or middle of the road people. There are people whose only concern is to live comfortably. But the Cunning Snake managed to slander them and caused fanatic rifts between them – religious or otherwise – with class movements and many other underhand methods both criminal and dangerous.

Russia will not be able to resist the many pressures on its people for long, because Asiatic Europe is moving. It rejuvenates Christian teaching and is preparing to rid itself of the guardianship of the Zionist ruler and enlist itself in Europe. That is why Europe will become an all-powerful force that will force the enemy to pay for the blood of its children.

Because of the German ferocity during the last war the Zionists had 300,000 dead. The government of Israel increased it to 6,000,000 to enable it to receive the analogous compensation. The Russian dead were more than 20,000,000. I do not speak about the European losses and as to why did the very merciful Israeli government not speak of them?

These snakes you also have today on the Greek soil. They bribe your government administration at the expense of your people. And what has your government done? It has received them, both American and English, as guests to obtain their opinion about the system they wanted to impose on the government. This way the government has abused the trust of the people. I am talking of those who have perception and wisdom, not the others that compete for positions for personal gain.

Lev Nikolayevich Tolstoy
(Sep 9, 1828 – Nov 20, 1910)
Tolstoy was born in the family estate in the Tula region of Russia. The Tolstoy family were a well-known family of old Russian nobility. A Russian writer who primarily wrote novels and short stories. His two most famous works, the novels War and Peace and Anna Karenina are acknowledged as two of the greatest novels of all time and a pinnacle of realistic fiction. Many consider Tolstoy to have been one of the world's greatest novelists. Tolstoy is equally known for his complicated and paradoxical persona and for his extreme moralistic and ascetic views, which he adopted after a moral crisis and spiritual awakening in the 1870s, after which he also became noted as a moral thinker and reformer. His literal interpretation of the ethical teachings of Jesus, centering on the Sermon on the Mount caused him in later life to become a fervent Christian anarchist. His ideas on nonviolent resistance, expressed in such works as "The Kingdom of God is within you" were to have a profound impact on such pivotal twentieth century figures as Mohandas Gandhi and Martin Luther King.

When the gates of Russia open, your people will change immediately. The most fertile area of this region is under the boot of Zionism and let the Russian government say it is against Zionism! This is a ruse that you do not know and nor is it possible for you to perceive.

I turn my eyes towards the Lighthouse of Hope that will enlighten the whole world: Greece.

13.31 What was my life's aim

2 October 1977
[25:290-292]

Mao Tse-Tung (Zedong): My dear brethren no one in your world can imagine what the Kingdom of the Spiritual World is like, despite all that has been said. The limit of human intelligence cannot enter into this research that is essential for your knowledge.

I will speak about the aim of my life on Earth. From a young age I wondered why such a huge country as China could not prosper. With the passage of time I noticed that because of its factions it was lacking in spiritual advancement. Even though the Mandarins were distinguished by their erudition they were not interested in the people. This is because once they obtained high positions they scorned, as they used to say, uncouth citizens. I thought that if a branch of the tree is cut with skill and is fashioned, it changes shape and acquires value. Then why could not the uncouth rabble, as a simple branch of a tree of my country, acquire greater value than the tree branch? Then all my energy was turned into the advancement of the rabble that had the possibility of delivering useful benefits for all.

Unfortunately I found myself in front of great dangers from foreign and local powers. As I said, I do not speak about my own entity, as this subject concerns only me. How I could repel the enemies of my country was my only thought. I battled as no other leader of a country in your world has done. I had to confront my internal enemies who received their instructions from the USA, and the Japanese who wanted to conquer land that did not belong to them. Through necessity the war was harsh. I was slandered as harsh. Ask my prisoners to tell you the truth. With much toil and incredible daring I managed to unite my country and claim lands that were improperly occupied by Russia, and also from the other side land occupied by the USA, Formosa. Wanted or not these annexed lands will return to the bosom of the motherland.

As victors, the Chinese army placed independence above all else. It is not the time for me to expand on why I operated as a communist. China still has to confront the enemy with two faces: Russia and the USA. From the sidelines of these two enemies with one indivisible soul is Zionism. Everyone knows who directs it but no one dares say because through the technical propaganda of the Israelis all have become morons. Only China has shown to the whole world the

Mao Zedong, (Mao Tse-Tung), and commonly referred to as **Chairman Mao** (December 26, 1893 – September 9, 1976), was a Chinese Communist revolutionary, guerilla warfare strategist, anti-Imperialist political philosopher and leader of the Chinese revolution. He was the architect and founder of the People's Republic of China from its establishment in 1949 and held authoritarian control until his death. His theoretical contribution to Marxism-Leninism, along with his military strategies and brand of politics are collectively known as Maoism. Mao enacted sweeping land reform, by using violence and terror to overthrow the feudal landlords before seizing their large estates and dividing the land into people's communes. However, during the years when Mao was China's "Great Helmsman", a range of positive changes also came to China. These included promoting the status of

extent of the plans of this malevolent race that undermines the foundations of the whole world.

My wife appeared to be my collaborator but she was working under the direction of the spies and played a double role.

Today China is very strong. It does not need any other land apart from the one that lawfully belongs to it. China wants Europe united and as an ally to clean the dung (according to the Greek expression) from the Augean stables. Political developments are taking place at a fast rate and you will soon see what is going to happen as a result.

In this one simple interview that we have had it has not been possible to say more than this. I respect and revere Greece as being the sacred sanctuary of knowledge, but not its politicians. They have ruined Greece and under the guise of friendship surrendered it to the enemy. This is the dilemma: how is Greece going to react during the most dangerous curve of its history.

With my wishes and my love.

13.32 Everything had to happen ...

25 September 1977
[25:287-288]

Winston Churchill: How did you manage to awaken me from my new life? What are you asking me to tell you since you know the entire mechanism of political leadership of almost all nations. Of course I did not operate with the Gospel in my hand. Alas if I had done such a thing, I would have disappeared as a common citizen a long time ago. I made a lot of mistakes that I could not avoid. These now delay my ascent, despite the fact that according to history in your earthly perception you elevated me as being the father of Victory. You are fully justified in asking: which Victory, when the world was shaped and took the shape of Evil on a universal scale?

For centuries a collection of people that had and have the capability of working silently and in total closeness continue to derive all the essential goods from your Earth, whereas the rest of the population submits to the plot of Evil. One or two or even more worthy politicians could not hold back the excessive cost of all goods and the catastrophe coming to all living bodies.

Unfortunately England was the refuge for those who based on well considered plans carried out the subordination of all people of the world civilised or not to the big plans of the few perpetrated on the many. In my memoirs I did not mention the key points of the war so as not to insult my country and weaken its glitter. But nothing remains secret with the passage of time. England, because of its philanthropy, encompassed within its bosom many ungrateful personalities who today instead of helping it, humiliate it so it too can pay for the enormous mistakes because enemies guided it and not true friends.

women, improving popular literacy, doubling the school population, providing universal housing, abolishing unemployment and inflation, increasing health care access, and dramatically raising life expectancy. In addition, China's population almost doubled during the period of Mao's leadership (from around 550 to over 900 million). As a result, Mao is still officially held in high regard by many in China as a great political strategist, military mastermind, and savior of the nation. Although Mao's stated goals of combating bureaucracy encouraging popular participation, and stressing China's self-reliance are generally seen as laudable—and the rapid industrialization that began during Mao's reign is credited for laying a foundation for China's development in the late 20th century. Mao is still regarded as one of the most important figures in modern world history.

Winston Leonard Spencer-Churchill, (30 November 1874 – 24 January 1965) was a British politician known for his leadership of the United Kingdom during the Second World War. Widely regarded as one of the greatest wartime leaders of the century, he served as Prime Minister twice (1940-45 and 1951-55). A noted statesman and orator, Churchill was also an officer in the British Army, a historian, a writer, and an

Some of these enemies transferred to the USA and managed to govern from the wings. I was accused by all the foreigners who were alert that I was from this race of the enemies of humanity. They are justified, without knowing the maneuvering of my decisions. If England had been defeated by the German hordes, the whole world would have changed face, may be for the better. I do not know what would have resulted if the secret plans that are unknown to all and are hidden as the apple of the eye from your enemies were known.

What I foresee is everything that had to happen happened to uncover the guilty and to make them pay for their sins. The big movement against the enemy will take place suddenly in Russia. The USA will pay dearly for its own foolishness and sadly also will the leaders of the enemy. The other nations will coordinate their efforts for closer collaboration.

The stance that I took as a conservative and ignoring all that I should have known, I am paying for in my new life. Take care to believe in the words of Divine intervention.

I thank you because you have comforted me in all that I have said even if it was concealed. With my wishes for peace.

13.33 I feel sorry for my country

18 September 1977
[25:285-287]

Franklin Roosevelt: With love and compassion I wish success for the true unity of the nations so they can gain the peace in the world that they have been longing for for so many years and from which Divine Enlightenment is dependent upon your cooperation.

From the beginning, my friends, I was against wars and all the other dreadfulness that stems from the specter of human misery. As you know I was a man who respected and relied on the Christian religion. When the Satanic Germany with its leader the maniac Hitler launched the Second World War and the whole of Europe was in lethargy, in order to destroy Europe's civilisation that enlightened both Earth hemispheres, we were compelled to enter the war to assist old Europe despite my abhorrence of war. My statements remain in historical documents. Unfortunately my health did not allow me to be more active, so I could infiltrate the dark forces that governed the fortunes of the World from the sidelines, treacherously, silently and with dexterity. A valuable collaborator was my wife, Eleanor, a rare companion and my guide to many points in my career. I was so occupied with the final victory over our enemy I did not have the necessary time to recognise the real enemies of Man, who were unknown to me. Neither could I even imagine searching for this power that was taking over more and more of the USA government administration.

I now see everything as a spirit, but what can I do when most of those in higher positions of authority are deceived or rendered torpid by the relevant Zionists who close their mouths by various methods

artist. He is the only British Prime Minister to have received the Nobel Prize in Literature. Churchill was born into the aristocratic family of the Dukes of Marlborough. His father was a charismatic politician As a young army officer, he saw action in British India, the Sudan, and the Second Boer war. He gained fame as a war correspondent and wrote books about his campaigns. His steadfast refusal to consider defeat, surrender, or a compromise peace helped inspire British resistance, especially during the difficult early days of the War when Britain stood alone in its active opposition to Hitler. Churchill was particularly noted for his speeches and radio broadcasts, which helped inspire the British people. He led Britain as Prime Minister until victory over Nazi Germany had been secured. Named the Greatest Briton of all time in a 2002 poll, Churchill is widely regarded as being among the most influential persons in British history.

Franklin Delano Roosevelt
January 30, 1882 – April 12, 1945, also known by his initials, **FDR** was the 32nd USA President from 1933 to 1945 and a central figure in world events during the mid-20th century, leading the United States during a time of worldwide economic depression and total war. The only American president elected to more than two

lawful or unlawful.

I feel sorry for this great nation of the USA that is being heavily exploited by hated inhuman agents of the CIA who incite all the services of the nation from the sidelines. Evil has entered in depth and for this reason the Heavenly Authority intervenes and reveals various facets of the enemy to alert all the nations, irrespective of their ideologies, to this Satanic breeding ground that has its headquarters in my country. The pit that is being prepared for the whole World is ready, and the murderers will fall into it. The trap that they have set will become their grave.

I wonder why so many nations have not developed a safeguard to defend themselves and to destroy the walls of the non-Jewish agents who are their (Zionists') main army. If the prudent of the USA prepare and face the Daemon, they will be confused by fear. This situation my brethren, is in the hands of Divinity.

You, in your torpidity are unable to rise with a common cause: The elimination of this centre. For this, changes in your actions will occur with certain anomalies, if you do not previously collaborate as parties towards a single studied direction so you do not lose your orientation.

I am unable to extend my talk further. I am not permitted. With faith and the help of God you will achieve everything.

With all my love.

13.34 The universal masks of politics

23 June 1974
[23:228-229]

Pharah: I will expand briefly upon the politics of the stronger nations of the world, so you can perceive how the two powers of Good and Evil clash.

Whereas the aim of Evil is to exterminate the Good, Good does not seek to exterminate Evil since it is made up of human souls. Good tries to enchain and immobilize Evil in all its manifestations.

You would have noticed if you are careful and perceptive, that Evil has made enormous mistakes that will cause it to fall. These are: corruption of consciences, prostitution, exploitation of nations, unethical political lying, the daily embezzlement of public wealth, the wasting of money on unproductive works, unsuccessful technical freedom of women based on expressions of desire mostly without an ethical basis, the wide spread use of narcotics, the miserable fall of justice, slander, spread of hate, the buying of silence on justice, the forced muzzling of free speech, the clash of so called ideologies, the shameless enforced propaganda of falsehood and a million other tricks of bad faith of the hardened conscience of human comprehension.

We have stressed many times that the sly and infernal Zionism is the

terms, he facilitated a durable coalition that realigned American politics for decades. Energized by his personal victory over paralytic illness, FDR's unfailing optimism and activism contributed to a renewal of the national spirit. He worked closely with Winston Churchill and Joseph Stalin in leading the Allies against Germany and Japan in WW II but died just as victory was in sight. As World War II loomed after 1938, with the Japanese invasion of China and the aggressions of Nazi Germany, FDR gave strong diplomatic and financial support to China and the United Kingdom, while remaining officially neutral. He supervised the mobilization of the U.S. economy to support the Allied war effort. As an active military leader, Roosevelt implemented an overall war strategy on two fronts that ended in the defeat of the Axis powers and the development of the world's first atom bomb. In 1942 Roosevelt ordered the internment of 100,000 Japanese American civilians. Unemployment dropped to 2%, relief programs largely ended, and the industrial economy grew rapidly to new heights as millions of people moved to new jobs in war centers, and 16 million men and 300,000 women were drafted or volunteered for military service. Roosevelt dominated the American political scene not only during the twelve years of his presidency, but also for decades afterward. Roosevelt's diplomatic impact also resonated on the world stage long after his death, with the United Nations and Bretton Woods as examples of his administration's wide-ranging impact. Roosevelt is consistently rated by scholars as one of the top three US Presidents

brain behind all the above acts of the Cunning Spirit on Earth that divides its politics into two sides of equal value. So, the world's nations that are clear-sighted join one of the two sides, which compete with each other superficially through lies and immorality.

These two sides have their common source in Zionism. One side is Communism-Marxism of Russia with the mask of the apparent defender of the enslaved nation, and the other is the USA with the Jewish capital and with the mask of the apparent defender of private wealth.

The brightest political men of the rest of the world unfortunately have not recognised this collusion of Communism and Capitalism. Instead, the European countries expelling those with various masks and establishing real and pure democracy, strong and just, they discuss their small differences pointlessly. Thus they delay unity and give time to the agents of Evil to work to corrode the democratic form of government.

Evil will not be able to make further inroads because already the Spiritual World has intervened and will utterly overturn everything. Everything has its limit; beyond this they will be overturned either willingly or otherwise.

China with its mask of communism, strives for true democracy. For this reason it will work closely with Europe, so that the invincible castle of China will save humanity from the great danger of Zionism and not as the agents of Zionism proclaimed that the yellow race is a danger to the world.

If China had not been enlightened in time, the disputes between Russia and the USA would have presented in the forefront the most hideous and inhuman government of the world, the Jewish Imperialism, for the enslaving of all nations. But the Evil Spirit has other wishes and Anarhon has other commands. You will see these new developments in the political arena and you will see what is going to happen.

Light wins not the darkness. Truth governs with justice and not falsehood. Love not hate gathers the forces together.

13.35 Political guidance

17 August 1974
[23:252:254]

Confucius: My dear brethren, whilst your country is at the boiling point why is no one capable of knowing where you are heading and what the near future will bring? There are men within and outside the government that have difficulty perceiving the transcendental powers of the Divine and His directions for defending the Greek soil.

I ask: Why are these men so small-minded?

I will answer myself: It is because they do not have real faith in their

religion, only saying they believe in Christianity.

Do not be frightened. Many of them will learn the truth, because real Christianity is: "Truth" and "Love".

Today you have the universal opinion in your favour. Also you have as allies the European nations that have realised the collusion of Zionism, with the mask of the CIA.

Great China first understood the aim of Zionism and it persecuted and persecutes its agents. The enemies of humanity disgracefully deceived the clever Europeans who just now have awakened and are locating the agents so they can eliminate them. From now on, the Zionist mafia will have wretched defeats. One will follow the other.

Learn it well. China is on your side. If it does not speak, it is doing so from prudence to defend not only its own interests but also those of the entire free world.

You are wondering what is the role of Soviet Russia. It is only interested in itself and it acts according to its own self interest. Do not trust its promises; do not forget it is the other jaw of Zionism under a different guise.

Be careful at every step. Russia is afraid of the unification of Europe and its dynamic enemy, China. If it wants to do something wrong, it will pay woefully for its imprudence. China is watching and no one will be able to march against it.

The aim is for a third world war not to break out for the benefit of the Zionists, because they hold the world's gold in their hands. When the Spiritual World wishes to destroy something, even if this is called the "material motivation of gold" it will destroy it. Do not have the idea that you become rulers only through wealth. In a sudden instant this wealth of the Zionists can become the weapon for their demise.

Be calm and await the speedy developments of Heaven on the contaminations of your Earth. We, the Stars of the Lord do not have any other nationality but only this of Heaven. We punish the unjust and vile murderers of their brothers.

As the Spiritual World stated, there will be the immediate removal of those that cause your misfortune, so they can give account of their actions, the shameful betrayal by selling their brothers to strangers of another religion who are faithful to their god Baphomet.

Come to your senses, gather around a strong leader and do not regress with pointless thoughts, which are inappropriate for this time. Evil gathered its forces that are very obedient to their leadership and follow the given direction. But you the Christians who ought to be superior, unfortunately are not.

Bear in mind, and luckily for you, Evil does have political maturity because it is tempted by gold. Despite believing that it knows

everything, it is led to the abyss. Follow the general situation and you will recognise its downfall with your own eyes. No one is able to resist His will, of Who faces Evil with Heavenly powers.

The abatement of events is temporary because when the appetite for Evil is opened, it multiplies. When the Snake fills its stomach with its prey then it is ready to receive the bullet from the hunter and be destroyed as useless.

Your Greece has honoured knowledge, the pure and high knowledge. It has glorified the real God, the Creator of the world. Today it will be glorified for both: Knowledge and Faith.

13.36 Why my dream did not materialise

31 August 1974
[23:261-264]

E Venizelos: I come by the commandment not only the permission of the Spiritual World. I participated in the political arena, not only of Greece but also of the whole world.

Of course, you the reader of this text are waiting for me to talk about the outcome of the Greek political situation that is happening in Greece.

The Spiritual World has already defined the path for Greece. Greece will triumph in all areas, diplomatically, spiritually, dynamically and politically.

You all know what was my dream and why it did not materialise. You are heading for its materialisation as long as you are united. Do not pay attention to the various announcements by the traitors and by your foreign enemies – follow the leader of your democratic constitution. The Spiritual World will advise you on the path of the nation.

As I said I have come to enlighten you on the dark points of disturbances, revolutions, dictatorships and wars. Who are they who with treacherous and diabolical plans work for a government that is inhuman and extremely strong wanting to enslave all the nations of the world.

You are the same. You who with arrogance, personal interests and many other benefits, you enter into the lodges of the enemy to enjoy the tranquility, the support, and the hidden betrayal of the nation to which you belong.

Masonry has destroyed all the nations. It has placed mines. It gave the nectar of opium, so it can govern you with the mask of an angel and at the same time prepare the abyss in which you are today.

There are men that esteem these organisations without realizing that they are working for a goal that is kept secret. These sly enemies of humanity distribute printed copies of Sacred scriptures where they

Eleftherios Venizelos (23 August 1864 – 18 March 1936) was an eminent Greek revolutionary, a prominent and illustrious statesman as well as a charismatic leader in the early 20th century. Elected several times as Prime Minister of Greece and served from 1910 to 1920 and from 1928 to 1932. Venizelos had such profound influence on the internal and external affairs of Greece that he is credited with being "the maker of modern Greece", and he is still widely known as the "Ethnarches". The Athens airport is named in his honour. Not only did he initiate constitutional and economic reforms that set the basis for the modernization of Greek society, but he also reorganized both army and navy in preparation of future conflicts. Before the Balkan Wars of 1912–1913, Venizelos' catalytic role helped gain Greece entrance to the Balkan League, an alliance of the Balkan states against Ottoman Turkey. Through his diplomatic acumen, Greece doubled her area and population with the liberation of Macedonia, Epirus and the rest of the Aegean islands. In World

state the arrival of the Second Coming of Christ, lying of course, because Christ is already in His Second Spiritual Presence.

And all of this because in America their messiah will be revealed. They can mock you and say: "Here is Christ, He has indeed returned because his Father is sending him to the chosen people, so he can take in his hands the government of the world". This way they will slowly take in their hands all the religions of the world so they can subjugate them under one and only: of Jehovah, whose other names you know.

Those who are going to resist are the Christian nations. That is why the Zionists would first turn towards the other nations so they can gain "religious-political" power and surround all the others with force and temptations so they can become slaves of the Jews.

This section of the Jewish race that operates and claims that it is unique in knowledge, the sciences and the professions is Zionist. With different traps they are trying to tempt you with money and persuasion. Their aim is the extinction of Christianity, while in their texts they underline that Christ is theirs. And what happened during His crucifixion, and the instigation of the crowd, were carried out by others and not them, and the rabbis should not have done what they did. Watch them! They are dangerous, because even Greek Christians, priests and politicians have succumbed to their persuasion into their nets.

I will refer to the **Kabbalah**, the spinal column of these organisations.

You have to bear in mind that no one knows much about "Kabbalah". Nothing is written by an author, for you to know the way of using the powers of the Kabbalah. This teaching is given orally to the chosen ones by a Zionist rabbi. It is forbidden that it be written. They know very well that the soul returns many times to Earth to acquire knowledge. This is one of the reasons why they sacrifice their own people to achieve a certain aim.

These mystics communicate with their god, Baphomet, who exists in the ether and is close to matter. Because Man is partly material, he is attracted by the tempting propositions of the responsible agents of Zionism. The difference is that they extol atheism. This is because when Man does not have a spiritual link with the Divine he becomes prey to his fortune.

All masonic lodges corrupt the entity spiritually and psychically. "How is this done"? this is a special craft of the Zionists that their preys do not perceive. As collaborators to the world's misfortune, they are considered by the Spiritual World as unworthy of having a free spirit.

Other strong organisations of the Zionists' are the Illuminati, the Theosophists and many others that work quietly and invisibly. I would like to touch on a point: the Christians instead of imitating their organisation structure they try to become an obstacle to one brother or another without a unique aim, without accord and without common

War I (1914–1918), he brought Greece on the side of the Allies further expanding the Greek borders. However, his pro-Allied foreign policy brought him in direct conflict with the monarchy, causing the National Schism. The Schism polarized the population between the royalists and Venizelists. The struggle for power between the two groups afflicted the political and social life of Greece for decades. Following the Allied victory, Venizelos secured new territorial gains. Despite his achievements, Venizelos was defeated in the 1920 General Election, which contributed to the eventual Greek defeat in the Greco-Turkish War (1919-1922). Venizelos, in self-imposed exile, represented Greece in the negotiations that led to the signing of the Treaty of Lausanne, and the agreement of a mutual exchange of populations between Greece and Turkey. In his subsequent periods in office Venizelos succeeded in restoring normal relations with Greece's neighbours and expanded his constitutional and economical reforms. In 1935 Venizelos resurfaced out of retirement to support a military coup and its failure severely weakened the Second Hellenic Republic, the republic he had created.

Kabbalah: Kabbalah originally developed entirely within the realm of Judaism and cabbalists often use classical Jewish sources to explain and demonstrate its esoteric teachings

ideal. Thus the daemon of Evil on Earth undermines the battlements of the Christian world at the expense of the Christian religion and its leader Jesus Christ.

But the time has come to reveal everything because the Lord does not remain inactive. Already He has taken control of the fierce battle against The Bad Daemon at the directive of His Father. You can understand what I want to say with this last phrase.

Hail Christianity, Glory to Greece.

With my blessings for the triumph of the Greek land.

13.37 Greece will be justified

25 July 1974
[23:242-243]

George the Triumphant (St George): My dear brethren, the guidance of the Greek Army has been assigned to me. Not that we are warlike and want to exterminate nations that are not guilty, but the leaders with their spirit poisoned by Zionism, who by various means fight indirectly against Christianity, irrespective that their intent are different to cover their goal.

The battle is for Christianity and wherever I walk, you should know, there are only victories.

The time has arrived to lance the Snake of misfortune. My lance is made of a deadly fire.

The Divine Light lights up the path of the Greeks and my horse gallops towards the enemy front wherever it is. I am ready and waiting. If the spirits of the enemies do not make a 90-degree turn, the angels will give the signal so you can realize that these abstract images consist of the reality.

Wronged Greece, has to be vindicated and will be vindicated only through victory. The enemy must be punished and will be punished by its enslaving.

Hail Truth! The wreath of glory is awaiting Greece because it glorified the name of the Lord, it first taught Christianity and it was sacrificed for its altars and its vestal.

The light of Truth directs the Greek Spirit to where it is destined.

Where to? You will see with your own eyes.

Hail Greece.

Icon of St. George by Emmanuel Tzanes (1660-80), now housed in the Church of San Salvatore, Chania, Crete.

This great miracle worker and martyr lived in the latter part of the third century A.D. during Diocletian's rule of the Roman Empire. He originally came from the area of Cappadocia and was raised by very pious parents. He suffered many tortures because of his belief, but never considered renouncing. His father was martyred for the faith. After his father's death, his mother took him to Palestine, where she had farm land. At a young age, he served in the Roman army under Emperor Diocletian and was commended many times for his service to the Empire. Since paganism was the state religion, Diocletian focused his efforts toward the suppression of Christianity. During the year 303 A.D., Diocletian summoned his aides to meet in Caesarea, a city of the Eastern Roman Empire. He held three general meetings with his aides, instructing them to persecute the Christians. St. George,

13.38 The nations will rise against the common enemy

19 March 1977

[25:181-183]

Angel Lefkologos: My name may seem strange to you because I come for the first time bringing with me the Blessing of the Lord and of the Heavenly Leaders and Teachers.

But why have they chosen me? This is easy for you to work out. I never transmit opinions other than those of the Lord so that my words are always white (pure). Not that others have words that are coloured (impure) but I am sent to those who receive messages and from outside our Kingdom. For this reason I have never appeared and it was an opportunity for me to appear so you can understand that there are a great number of angels that perform other duties, apart from those that you receive from the Great Teachers. The White Logos is the shield that the Spiritual World offers you, because the nations of this world are rebelling, which is something that the Zionist authority is seeking to occur. However it does not know that its wish to start a bloody world war will not materialise.

The nations will turn against the common enemy that has created this stormy situation. All these, refer to the general situation of your world. The Spiritual World is especially interested in the area of the Greek land and in its nation and not in those governing. It is they who will become the destroyers of this government.

I do not want to mention the names of some who act unpatriotically and are enemies of the people. A few of those around their leader have drugged him and he does not see in front of his nose. Because flattery has given wings to his egoism - he has chosen the worst collaborators. But I should not speak idly because you are going to see where they are going to end up with their unlawfulness.

They enforce inappropriate laws, but for themselves these laws do not apply - they say one thing and do another. They have disgraced Justice and it is foolish to compare the Greek internal situation with that of Europe. If a European nation decided to commit suicide, ought you to do the same? This is what the few dark intellectual advisers of the prime minister advise him to do thus degrading the whole economy of the state, supported by foreign powers alien to Christianity.

There are some other ministers, not liked by the people, but who reconcile with the authority of the leader. Whereas those who I have mentioned previously are the dangerous ones. It is those the leader should fear because they have convinced him of the correctness of his steps even though he is totally wrong.

If the government, forced by events moves towards a dictatorship, then there will be bloodshed in Greece and the enemy will benefit. Let the sleeping foolish ones open their eyes and not let the Snake render them numb, so they may avoid the internal conflict and confront the external attack.

since he had shown his excellence while serving in the army, was among these aides. Diocletian asked them to pledge their allegiance to this cause by making pagan sacrifices as proof of their loyalty. All the aides pledged their loyalty except St. George. The emperor summoned the executioners to take the saint and have him bound to the rim of a wheel set with sharp spikes. Diocletian admired the courage of the saint and asked him to sacrifice to the gods to save himself. He refused Diocletian's request and welcomed the chance to be martyred for Christ, as his father had done. After praying to God, he heard a voice from heaven say, "Do not fear, George, I am with you." With the help of Christ, the spiked wheel had no effect on St. George. When the saint appeared before Diocletian not only was he unharmed, but an angelic aura had settled about him. Suddenly, two officers of the Roman army, Anatolios and Protoeon, appeared before Diocletian with two thousand soldiers. They admitted their belief in Christ and Diocletian had them all executed.

The narrative episode of Saint George and the Dragon took place in a place he called "Selene", in Libya; The town had a large lake, where a plague bearing dragon lived. To appease the dragon, the people of Selene used to feed it two sheep every day, and when the sheep failed, they fed it their children, chosen by lottery. It happened that the lot fell on the king's daughter. The king, distraught with grief, told the people they could have all his gold and silver and half of his kingdom if his daughter were spared; the people refused. The daughter was sent out to the lake, decked out as a bride to be fed to the dragon. St George by chance rode past the lake. The princess, trembling, sought to send him away, but George vowed to remain. The

dragon reared out of the lake while they were conversing. Saint George fortified himself with the Sign of the Cross charged it on horseback with his lance, and gave it a grievous wound and then killed it.
